Average alteration cost per feline \$60⁰⁰ Male \$60⁰⁰ Female

Vet or Clinic providing these cost estimates: Humane Society of Oldham County
Your written cost estimate must be attached to this application. The anticipated cost to alter is extremely important in the allocation of grant funds. The ACAB strongly encourages the applicant to seek out the best terms possible and award amounts will be based in part on costs.

Spay/Neuter grant will be ranked on the percent of matching funds of the applicant as a consideration for reward. While the maximum award amount is \$3,000, the applicants will be ranked and evaluated based on the matching dollars they provide. For example: County A will match \$500 of the grant while County B will match \$3,000 of the grant. County B will be ranked above County A for consideration.

The 2026 grants are only offered to governmental entities. Governmental entities may partner with non-profits to obtain the best use of resources.

Spay Neuter Program Description

Oldham County Animal Control offers low-income pet owners spaying/neutering of their pets through the Humane Society of Oldham County, as well as through several local veterinarians. The pet owner is responsible for calling the vet and setting up the appointment. After the procedure, the vet will send Animal Control the invoice to be paid. They charge \$60.00 per feline and \$90.00 per canine.

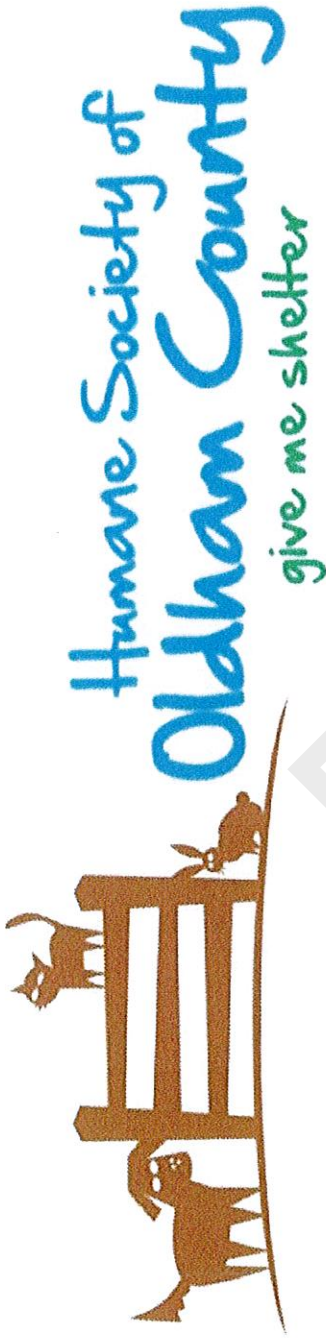

Animal Control also tries to have all animals at the shelter altered BEFORE they are adopted. Sometimes this is not possible due to an animal's age, size, or health. In these cases, the adopter signs an adoption agreement stating that they will have the animal altered within thirty days, or at the time deemed appropriate by their vet. We issue a voucher to cover the cost of the alteration and a follow-up call, or visit, ensures that the adopter has followed through.

Respectfully,

Polly P. Helton
