RE: Ordinance No. KOC-26-920-43
Wescott Commercial Development (PZ-26-023)
2706 S. Hwy. 393
Zoning Map Amendment

Dear Judge Voegele,

In an effort to make sure items are heard by the legislative bodies in a timely manner, we are sending you notice of this approved docket item.

On September 22, 2026, the Oldham County Planning and Zoning Commission heard at a public hearing, a request for a Zoning Map Amendment on the above referenced docket. The motion to approve the Zoning Map Amendment carried. The minutes will be approved at the Planning Commission meeting on October 27, 2026, and will be sent following approval.

Please tentatively place this item on the docket for the first reading on ***November 3, 2026*** and for the second reading/public hearing on ***November 17, 2026***. The legal description of the proposed zoning map amendment is enclosed.

Thank you for your assistance and please advise as to other information needed.

Sincerely,

John W. Hine

Cc: Oldham County Fiscal Court Clerk

COMMONWEALTH OF KENTUCKY
OLDHAM COUNTY
ORDINANCE NO. KOC 26-920-43

AN ORDINANCE RELATING TO A CHANGE IN THE OLDHAM COUNTY ZONING MAP REZONING A 3.98 ACRE TRACT OF LAND LOCATED AT 2706 S. HWY 393, BUCKNER, KENTUCKY FROM THE EXISTING I-2 HEAVY INDSUSTRIAL DISTRICT TO C-2, COMMUNITY BUSINESS DISTRICT ZONING CLASSIFICATION.

* * * * *

WHEREAS, the Oldham County Planning & Zoning Commission on application of Wescott Development desires to change the Oldham County zoning map in reference to a 3.98 acre tract located at 2706 S. Hwy 393, Buckner, Kentucky, and seeks a zoning map change for the 3.98 acres from the existing I-2 Heavy Industrial District to C-2 Commercial Business District zoning classification; and,

WHEREAS, the Oldham County Planning & Zoning Commission did advertise and conduct a public hearing on the issue of rezoning the hereinafter described 3.98 acres on September 22, 2026 (Docket PZ-26-023), and at the conclusion of said hearing, did find that the map amendment is in agreement with the Comprehensive Plan and recommended to the Oldham County Fiscal Court that said zoning classification on the hereinafter described 3.98 acres be changed as requested; and,

WHEREAS, the Oldham Fiscal Court did advertise and conduct a public hearing on the recommended zoning map change, and Fiscal Court having made the necessary findings and conclusions justifying said zoning map change and said Fiscal Court having voted to adopt the zoning map change at its regular meeting

conducted November 17, 2026.

NOW, THEREFORE, BE IT ORDAINED BY THE FISCAL COURT OF OLDHAM COUNTY, COMMONWEALTH OF KENTUCKY, THAT:

The Oldham County zoning map controlling the zoning classification of the hereinafter described 3.98 acres be changed from the existing I-2 Heavy Industrial District to C-2 Community Business District classification located at 2706 S. Hwy. 393, Buckner, Kentucky. This zoning map change is accompanied by and contingent upon any and all binding elements to be recorded as restrictions on the land and its usage with the Oldham County Court Clerk at La Grange, Kentucky. **Beginning** at point in the West line of Highway 393, said point being the Northeast comer Tract 1 as shown on Minor Plat recorded in Deed Book 1438 Page 305, in the Office of the Clerk of the County Court of Oldham County; Thence with the West line of Highway 393 the following: South 06 deg. 51 min. 43 sec. East 91.19 feet, South 10 deg. 35 min. 15 sec. East 83.76 feet, South 23 deg. 05 min. 07 Sec. East 103.61 feet, South 37 deg. 12 min. 26 Sec. East 2.54 feet, South 37 deg. 08 min. 37 Sec. East 80.56 feet, South 20 deg. 15 min. 06 Sec. East 38.49 feet, and South 16 deg. 14 min. 42 Sec. West 47.84 feet; Thence leaving the line of Highway 393 South 69 deg. 06 min. 20 Sec. West 174.29 feet to a point; Thence South 69 deg. 06 min. 21 Sec. West 125.88 feet to a point; Thence North 20 deg. 08 min. 57 Sec. West 463.33 feet to a point; Thence North 73 deg. 36 min. 32 Sec. East 125.01 feet to a point; Thence North 22 deg. 23 min. 29 Sec. West 104.82 feet to a point; Thence North 75 deg. 19 min. 33 Sec. East 210.15 feet to a point in the aforementioned West line of Highway 393; Thence with said line South 22 deg. 17 min. 28 Sec. East 104.66 feet to the Point of Beginning, containing 3.73 Acres more or less.

Dated this _____ day of _____, 2026.

MINUTES OF REGULAR MEETING
OLDHAM COUNTY
PLANNING AND ZONING COMMISSION
Tuesday, September 22, 2026

At 9:00a.m., local time on the above date, this meeting of the Oldham County Planning and Zoning Commission, hereinafter called the Commission, was called to order in the Courtroom of the Oldham County Fiscal Court Building, La Grange, Kentucky, by Chair Katie Nasser.

Other Commission members present were:

Wayne Allen	James Allison	Iva Davis
William Douglas	Thomas Elder	Deborah Graham
Berry Hampton	Allen Hayes	Debbie Kraus
Skip Miller	Dave Servis	

Commissioners Bob Klingenfus, Tom Marsh, and Sue Ann Thompson were absent.

Others present and sworn in were Planning and Development Services Director Ryan Fischer, Senior Planner John Hine, Planner Cayley Crum, Oldham County Engineer Jim Silliman, and Oldham County Staff Engineer Derek Schade. County Attorney Berry Baxter was present for the meeting and Administrative Assistant Christy Crouch Edgar was the Secretary for the meeting.

Approval of Minutes

Motion was made by Commissioner Douglas and seconded by Commissioner Kraus to approve August 25, 2026; minutes as submitted with the following corrections. Motion carried by unanimous voice vote.

Corrections

- Page 3, Number 4, 12th sentence, replace the word "deteriorate" with "deter".
- Page 6, 2nd bullet point, add the word "a" in front of loading.
- Page 6, 6th bullet point, replace the word "distribute" with "distributed".
- Page 13, Number 3, 11th sentence, replace the words "a of" with "of a".
- Page 13, Number 3, 12th sentence, replace the word "on" with "of".
- Page 16 in the motion, capitalize the word "Prospect".

Motion was made by Commissioner Douglas and seconded by Commissioner Kraus to remove Docket PZ-26-013, 7200 Hwy 329, Crestwood, from the table. Motion carried by unanimous voice vote.

Motion was made by Commissioner Douglas and seconded by Commissioner Kraus to place Docket PZ-26-013, 7200 Hwy 329, Crestwood, on the table. Motion carried by unanimous voice vote.

Secretary Christy Edgar called and read Docket:

DOCKET PZ-26-023 – An application has been filed by Wescott Development for a Zoning Map Amendment and Development Plan on property located at 2706 S. Hwy. 393., La Grange. The property is 3.98-acres and currently zoned I-2, Heavy Industrial District with a proposed zoning of C-2, Community Business District.

1. **Introduction of the new information by staff and questions by the Commission:**

Senior Planner John Hine presented the following:

- Summary of the application.
- Case History (see Exhibit A, Staff Report dated September 22, 2026).
- Site history.
- Aerial Photos of the site.
- Photos of property.

Jim Silliman, Oldham County Engineer

- Because land-disturbing area is greater than 1 acre, the applicant will need to obtain a KYR10 Permit from the Kentucky Division of Water and Stormwater Quality Management and Erosion Control Permit from Oldham County.
- The detention basins shall be encompassed by a drainage easement, which shall be recorded with the Oldham County Clerk with a long-term stormwater maintenance agreement.
- I would like to suggest that we make one of the binding elements to be that approval is contingent on whatever requirements KYTC imposes following their review.

Commissioner Allison asked, will there be restaurants?

Senior Planner Hine replied, you will need to ask the applicant.

2. **Presentation by the applicant or representative and others in support of the application:**

Cliff Ashburner, Dinsmore & Shohl, 101 S. 5th Street, Louisville, was present and representing the applicant.

- The applicant wants to change the zoning from I-2 to C-2.
- The plan that you see today is a concept plan and it could be accommodated in I-2 however, we do have a high confidence that today's plan will end up on the property but if that does not occur then allowing for community commercial uses on the property would improve its marketability and would comply more fully with the recommendations of the future land use map.

- Both the entrances east and west from Hwy 393 have already been installed.
- The frontage road does serve more than just this property.

Diane Zimmerman, Traffic Engineering, LLC, 12803 High Meadows Pike, Prospect, was present and sworn in prior to presenting.

- The traffic from the warehouses and traffic from Buckner Commons has been included in the Traffic Impact Study.
- There will be a left turn lane north and south bound.
- A southbound right turn lane is not required because it does not meet the volume.
- It is also my professional opinion that a traffic signal would not be warranted at this intersection because it does not meet the 8-hour demand that is required.

Wes Johnson, Wescott Development, 13304 W. Hwy 42, Prospect, was present and sworn in prior to presenting.

- There is state right away in front of this property and there is a long flag lot that's virtually landlocked that the state owns. They purchased it in preparation for the Hwy 393 project.
- We have asked the state to sell the property to us, however they will not release any of it until after the Hwy 393 project is complete.

3. **Testimony and questions by those opposing the application: None**
4. **Questioning of the applicant and those opposing the application by the Commission:**

Commissioner Kraus asked, did the traffic study include three restaurants?

Mrs. Zimmerman replied, yes.

Commissioner Hampton asked, will this development start before the completion of the Hwy 393 underpass?

Mr. Johnson replied, it is a possibility. We do not have any executed LOI's today. We do have people looking at the property.

Commissioner Douglas asked, do you not anticipate more than 36 trip traffic leaving Commerce Ridge in the mornings?

Mrs. Zimmerman replied, no. But remember these totals are based on square footage of the buildings.

Commissioner Miller asked, the streets are proposed to be private streets, but will they be built to county standards?

County Engineer Silliman replied, we do have a private road standard, and it will be built to that standard.

Commissioner Miller asked, has there been any discussion on who will maintain the streets since they are privately owned and signalization if one is required?

Mr. Johnson replied, the traffic light would happen with the approval of the development plan, and all the tenants will contribute to a road maintenance fund.

Attorney Ashburner replied, the private road maintenance responsibility will be the owners of the lots that use the road. And if KYTC warrants for a signal light to be placed there then Wescott would contribute to that but there are more people that would be using that signal and would need to contribute as well.

Commissioner Miller asked, is there an entity that could be contacted and be responsible for responding to requests or can I assume there would be through the CCRs?

Attorney Ashburner replied, that would be correct.

Commissioner Douglas asked, would they be required under a deed restriction to come up with a private road maintenance agreement?

County Engineer Silliman replied, I believe that is a planning and zoning question, so I will defer it to Director Fischer.

Director Fischer replied, I don't believe we would want to make that stipulation. We haven't been with others in the past.

Attorney Ashburner replied, there will be a road maintenance agreement because the businesses will want to make sure their road is clear and in good shape all the time.

Commissioner Allison asked, does the traffic report take in the assessment for a carwash?

Mrs. Zimmerman replied, a carwash generates less traffic than a fast-food restaurant.

Commissioner Kraus asked, is the reason for wanting the change in zoning is because of marketability?

Mr. Johnson replied, yes, 100% because of marketability.

5. **Rebuttal evidence and Cross Examination by the Applicant: None**
6. **Rebuttal evidence and Cross Examination by the Opposition: None**
7. **Final statement of the Opposition: None**
8. **Final statement of the Applicant:**

Attorney Ashburner's final statement.

- We recognize that this is a little different than what is usually presented to this board today.
- We understand the future of Hwy 393 will bring a lot of development from Hwy 146 and the interstate.
- We believe the traffic study and the construction that is occurring on Hwy 393 match up quite well and the Hwy 393 improvements have already anticipated the traffic at the level that is already being shown at this development.

END OF PUBLIC HEARING

Director Fischer summarized the docket.

FINDINGS AND DECISIONS
Docket PZ-26-023
Zoning Map Amendment
2706 S. Hwy 393
LaGrange

Motion was made by Commissioner Elder and seconded by Commissioner Davis to recommend approval to Oldham County Fiscal Court for a zoning map amendment from I-2 to C-2 located at 2706 S. Hwy 393, LaGrange because it complies with objectives LU-1 and LU-2 of the comprehensive plan and it allows for appropriate optional uses and based on evidence and testimony heard today. This motion also includes the following Binding Elements.

Binding Elements

1. The approval applies only to the plan presented at the September 22, 2026, Oldham County Planning Commission public hearing.
2. There shall be no changes to the plan without review by the Oldham County Planning Commission and Engineer's Office.
3. The plan must comply with all established federal, state and county ordinances and requirements and comply with all necessary easement restrictions at the time of construction plan approval.

The vote was as follows:

YES: Commissioners Allen, Allison, Davis, Douglas, Elder, Graham, Hampton, Hayes, Kraus, Miller, and Servis.
NO: None
ABSTAIN: None
ABSENT: Commissioner Klingenfus, Marsh and Thompson.
Motion approved on a vote of 11-0

FINDINGS AND DECISIONS
Docket PZ-26-023
Preliminary Development Plan
2706 S. Hwy 393
LaGrange

Motion was made by Commissioner Elder and seconded by Commissioner Davis to approve the preliminary development plan located at 2706 S. Hwy 393, LaGrange because it complies with objectives LU-1 and LU-2 of the comprehensive plan, the zoning ordinance and the subdivision regulations and it is in line with the future use map and based on evidence and testimony heard today. This motion also includes the following Binding Elements.

Binding Elements

1. The approval applies only to the plan presented at the September 22, 2026, Oldham County Planning Commission public hearing.
2. There shall be no changes to the plan without review by the Oldham County Planning Commission and Engineer's Office.
3. The plan must comply with all established federal, state and county ordinances and requirements and comply with all necessary easement restrictions at the time of construction plan approval.
4. The applicant must obtain all necessary permits and inspections from the relevant agencies.
5. A Landscape and Lighting Plan will be required at time of construction plan approval.
6. A consolidation plat will be required before construction plan approval.

The vote was as follows:

YES: Commissioners Allen, Allison, Davis, Douglas, Elder, Graham, Hampton, Hayes, Kraus, Miller, and Servis.

NO: None

ABSTAIN: None

ABSENT: Commissioner Klingenfus, Marsh and Thompson.

Motion approved on a vote of 11-0

Motion was made by Commissioner Miller and seconded by Commissioner Elder to take a 5-minute break. Motion carried by unanimous voice vote at 10:06 a.m.

Motion was made by Commissioner Elder and seconded by Commissioner Allison to come back in session at 10:15 a.m. Motion carried by unanimous voice vote.

Secretary Christy Edgar called and read Docket:

DOCKET PZ-26-024 – An application has been filed by Glenview Partners Acquisitions, LLC for a Zoning Map Amendment and Development Plan on property located at the 3000 block of Commerce Pkwy, La Grange. The property is 66.8 acres and zoned PUD, Planned Unit Development District with a proposed zoning of I-1, Light Industrial District.

1. **Introduction of the new information by staff and questions by the Commission:**
   Planner Cayley Crum presented the following:
   - Summary of the application.
   - Case History (see Exhibit A, Staff Report dated September 22, 2026).
   - Site history.
   - Aerial Photos of the site.
   - Photos of property.

Jim Silliman, Oldham County Engineer

- The land-disturbance will be greater than one acre so the applicant will need to obtain a KYR10 Permit from the Kentucky Division of Water and an Oldham County Stormwater Quality Management and Erosion Control permit from Oldham County Engineering Department.
- There is a blue line stream on the property, and the applicant will need to coordinate with the Army Corps of Engineers and the Division of Water for permitting.
- The storm water detention must be in accordance with our post construction runoff ordinance.
- The construction site plans must be developed to include erosion control measures in accordance with our construction site runoff ordinance.
- The traffic study does indicate a need for a left turn lane.

Commissioner Servis asked, tract one has an elevation of 780 and tract two is at 760, so will this be a terrace site?

County Engineer Silliman replied, you will need to ask the applicant.

Commissioner Douglas asked, what is required for the applicant to get KY DOW's permission to build over the blue line stream?

County Engineer Silliman replied, that will be determined by the Corp of Engineers and Division of Water at that time.

Commissioner Douglas asked, will the 30 feet be wide enough for tractor trailers to enter at the entrance?

County Engineer Silliman replied, this is a preliminary plan, and during the construction plan review, we will require turn radius diagrams to justify what the turn radius is.

2. **Presentation by the applicant or representative and others in support of the application:**

Cliff Ashburner, Dinsmore & Shohl, 101 S. 5th Street, Louisville, was present and representing the applicant.

- This is a proposed zoning map amendment from PUD to I-1.
- We are proposing to build spec warehouse buildings.
- The property will be somewhat terraced.
- The residence on Kings Lane is about 40 feet above the finish floor area of the northernmost building.
- Tract one is 23.7 acres and tract two is 43.1 acres.
- Single point of access from Commerce Pkwy.

Zoe Sermersheim, Land Design & Development, 503 Washburn Ave, Louisville, was present and sworn in prior to presenting.

- Tract two will provide an access easement to get to tract one.
- Tract one will have a 273,000 square foot building with parking and loading docks.
- Tract two will have a 629,000 square foot building with parking and loading docks and trailer spaces.
- We will have additional screening along the loading docks facing Commerce Parkway on tract 2.
- Kings Lane will remain open.

3. **Testimony and questions by those opposing the application: None**
4. **Questioning of the applicant and those opposing the application by the Commission:**
   Commissioner Hampton asked, what's the plan for the acreage on the north from tract one?

   Todd Blanton, Glen View Partners, 40 S. Main Street, Memphis, TN, was present and sworn in prior to replying, there is a huge grade change there, so it will stay unchanged.

   Commissioner Servis asked, will the buildings be constructed concurrently together or the smaller one first?

   Mr. Blanton replied, our plan is to build them simultaneously.

   Commissioner Douglas asked, will there be rear access to tract one for the fire department to access the back of that building?

   Mr. Blanton replied, no, because of the grading of that property.

   Commissioner Douglas asked, is it standard for a 30-foot width for fire trucks to get in or out?

   Mrs. Sermersheim replied, yes.

5. **Rebuttal evidence and Cross Examination by the Applicant: None**
6. **Rebuttal evidence and Cross Examination by the Opposition: None**
7. **Final statement of the Opposition: None**
8. **Final statement of the Applicant:**
   Attorney Ashburner's final statement:
   - We believe that this does meet the comprehensive plan and the comprehensive plan shows this area as mixed use.

END OF PUBLIC HEARING

Director Fischer summarized the docket.

FINDINGS AND DECISIONS
Docket PZ-26-024
Zoning Map Amendment
3000 Block of Commerce Pkwy

Motion was made by Commissioner Kraus and seconded by Commissioner Elder to recommend approval to the Oldham County Fiscal Court for a zoning map amendment from PUD to I-1 located at 3000 Block of Commerce Parkway, LaGrange, because it complies with objective LU-1 and LU-3 of the comprehensive plan and it's compatible with the existing and anticipated land use and it supports economic growth in our community due to the testimony that we received today. This motion also includes the following Binding Elements.

Binding Elements

1. The approval applies only to the plan presented at the September 22, 2026, Oldham County Planning Commission public hearing.
2. The plan must comply with all established federal, state and county ordinances and requirements and comply with all necessary easement restrictions at the time of construction plan approval.

The vote was as follows:

YES: Commissioners Allen, Allison, Davis, Douglas, Elder, Graham, Hampton, Hayes, Kraus, Miller, and Servis.
NO: None
ABSTAIN: None
ABSENT: Commissioner Klingenfus, Marsh and Thompson.
Motion approved on a vote of 11-0

Motion approved on a vote of 11-0

Secretary Christy Edgar called and read Docket:

DOCKET PZ-26-025 – Proposed Zoning Text Amendment to the Oldham County Subdivision Regulations to create Section 7.1 (G) Gravel Road Standards.

1. **Introduction of the new information by staff and questions by the Commission:**
   Staff Engineer Derek Schade presented the following:
   - Summary of the application.
   - Case History (see Exhibit A, Staff Report dated September 22, 2026).

2. **Questions by the Commission:**
   Commissioner Kraus asked, how many roads are associated with each of these types?
   County Staff Engineer Schade replied, we do not have an assessment, a count or a road length of how many gravel roads are in Oldham County that would be applicable to each different standard.
   Commissioner Kraus asked, are county school buses traveling these roads?
   County Staff Engineer Schade replied, for Organ Creek Farms the school bus does go onto those gravel roads, but they only go a certain distance and for the Green Valley roads the bus only goes to Lakeview Drive which has a make-shift cul-de-sac and the bus turns around there.
   Commissioner Kraus asked, how many homes are in Organ Creek and Green Valley?
   County Staff Engineer Schade replied, Organ Creek Farms has 50 lots, and Green Valley is not sure because there are a lot of vacant lots.

Attorney Baxter explained the $125.00 that was included on Organ Creek's residents tax bill.

Commissioner Kraus asked, is Green Valley smaller or larger than Organ Creek?

County Engineer Silliman replied, it is considerably shorter for road length.

Commissioner Kraus asked, I am concerned about the school buses travelling on these roads, can we do partial paving on these roads?

County Engineer Silliman replied, one of the challenges is that we can't spend public funds on the roads that are not taken into the Oldham County Road Maintenance system.

Commissioner Hayes asked, are we trying to create regulations so that we create a pathway that can bring their road up to standard that can then be adopted before there's any tax dollars applied?

County Staff Engineer Schade replied, that is correct.

Commissioner Hampton asked, how did you come up with the 20 – 24-foot width because paving width is 18 feet?

County Engineer Silliman replied, alley is 18 feet and local road is 20 feet.

County Staff Engineer Schade replied, there is a standard for roads built pre-1969, then there's a standard for 1969 – 1974 then there's one for 1974 – 1991 and so the 1974 – 1991 standards will apply to the 1974 subdivision regulations which states the width has to be between 20 feet – 24 feet depending on type and lot size.

Commissioner Douglas asked, what is Green Valley's width?

County Staff Engineer Schade replied, the right of way is 30 feet, and the width of the roads varied from 9 feet to 15 feet depending on where you are in the subdivision.

Commissioner Douglas asked, if the residents bring the road up to county standards and county brings it into the county maintenance, how would they get their road paved?

County Engineer Silliman replied, it would have to be brought up to paving standards.

County Attorney Baxter replied, it would be left up to Fiscal Court to make that decision on whether the county would pave it or not.

END OF PUBLIC HEARING

Director Fischer summarized the docket.

FINDINGS AND DECISIONS
Docket PZ-26-025
Zoning Text Amendment
Oldham County Subdivision Regulations

Section 7.1 (G) Gravel Road Standards

Motion was made by Commissioner Douglas and seconded by Commissioner Elder to recommend approval to Oldham County Fiscal Court for the Zoning Text Amendment for Section 7.1 (G) Gravel Road Standard in the Oldham County Subdivision Regulations.
