JUDGE-EXECUTIVE ANNOUNCEMENTS/UPDATES

ADJOURNMENT

August 4, 2026

The Oldham County Fiscal Court convened at 2:00pm, with Judge-Executive David Voegele, County Attorney Berry Baxter, and the following magistrates in attendance: Brent Likins, Wayne Theiss, Kevin Woosley, Kevin Jeffries, Chris Haunz, Stephanie Hawkins, Bob Dye and Michael Logsdon. Oldham County Clerk, Amy Alvey, was present to be the Fiscal Court Clerk for the meeting.

APPROVAL OF AGENDA:

Motion made by Magistrate Haunz and seconded by Magistrate Dye to approve the agenda, as presented. Judge Voegele stated the Oldham County School Superintendent, Claudette Herald, will be speaking today as well. Motion carried unanimously. **Exhibit #1 8/04/2026**

MOMENT OF SILENCE: Judge Voegele asked for a moment of silence for Former LaGrange Mayor, Judge-Executive and Deputy Judge-Executive, John Black who passed away unexpectedly on July 27, 2026.

Judge Voegele also asked for a moment of silence for former Oldham County Police Chief, Mike Griffin, who passed away on July 25, 2026.

NORTH OLDHAM LITTLE LEAGUE: Judge Voegele announced that the North Oldham Little League 12U team has won the state championship and moving on to the Great Lakes Regional Championship and wished them good luck.

OLDHAM COUNTY BOARD OF EDUCATION: Oldham County Superintendent Claudette gave an update on school enrollment numbers, new starting times, staffing and construction projects.

APPROVAL OF MINUTES:

Motion made by Magistrate Woosley and seconded by Magistrate Hawkins to approve the minutes from July 21, 2026, as presented. Motion carried unanimously. **Exhibit #2 8/04/2026**

PUBLIC COMMENT:

The following individuals spoke during public comment:

PUBLIC COMMENT: None.

BID AWARDS:

County Engineer, Jim Silliman, notified the court three of the four bids were ready to be awarded. The bids for Pewee Valley paving will be forwarded to the City for approval.

Motion made by Magistrate Woosley and seconded by Magistrate Jeffries to award the Group 1 Fall 2026 Paving project to Libs Paving in the amount of \$1,471,855.15. Motion carried unanimously.

Motion made by Magistrate Jeffries and seconded by Magistrate Woosley to award the Schamback Park Parking Improvements project to Halls Contracting in the amount of \$119,352.65. Motion carried unanimously.

Motion made by Magistrate Haunz and seconded by Magistrate Woosley to award the Culvert Replacement IVO 4109 Myers Avenue project to Hall Contracting in the amount of \$119,569.00. Motion carried unanimously.

ANNOUNCEMENTS/UPDATES:

Magistrate Logsdon expressed his condolences to Judge Voegelé and John Black's family and friends. Thanked Amy Alvey for clerking the meeting. He also reminded the community about the Pewee Valley Summer Picnic is on August 8th from 6pm-8pm

Magistrate Dye expressed his condolences to Judge Voegelé for the loss of his brother-in-law John Black and told a story about John picking him up in a snow plow in the middle of the night so he could show John where the streets were in the subdivision. Reminded the community to watch for school children at the bus stops.

Magistrate Hawkins expressed her condolences regarding LaGrange Mayor John Black. The suicide and crisis hotline is 988 and can be reached via text or by calling.

Magistrate Haunz expressed his condolences regarding John Black and he will be missed but his memory will live on in Oldham County.

Magistrate Jeffries expressed his condolence to the family of John Black and he did a wonderful job as Mayor of LaGrange with continued prayers to the family. He also recognized Anthony Strong, County Judge Elect for Pendleton County, along with Darren Gray, Magistrate from Pendleton County.

Magistrate Woosley stated there's nothing he can say that already hasn't been said about John Black and Chief Griffin was very instrumental at the Oldham County Police Department.

Magistrate Theiss stated that John Black was a great ambassador to Oldham County not only when he was LaGrange Mayor but also as the Judge-Executive and will be greatly missed.

Magistrate Likins stated that John Black died of excessive happiness and will miss his friend of 58 years.

Judge Voegelé stated that he wore Kentucky blue in honor of John. John became friends with former coach John Calipari. John was elected to LaGrange City Council in 1982 and was later sworn in as Mayor of LaGrange after the passing of Mayor Theiss, Magistrate Theiss's father. Last week LaGrange City Council elected council member and former LaGrange Mayor Joe Davenport to take John's place due to his passing. Recently visited Shamback Park and it is the most scenic park that we have in Oldham County.

MEETING ADJOURNED:

Motion made by Magistrate Haunz and seconded by Magistrate Woosley to adjourn the meeting at 3:54pm. Motion carried unanimously.

Respectfully submitted,

Amy Alvey, Fiscal Court Clerk

COMMONWEALTH OF KENTUCKY
OLDHAM COUNTY
ORDINANCE NO. KOC 26-920-7

AN ORDINANCE REPEALING AND REPLACING CERTAIN SECTIONS OF THE EXISTING OLDHAM COUNTY COMPREHENSIVE ZONING ORDINANCE.

WHEREAS, the Oldham County Fiscal Court has the authority pursuant to the provisions of KRS Chapters 67, 100, and other applicable law to adopt and amend ordinances; and,

WHEREAS, Oldham County Joint Planning and Zoning Commission did conduct an advertised public hearing on June 23, 2026, on the issue of amending certain sections of the Oldham County Comprehensive Zoning Ordinance to include the attached creation of a new section, and at the conclusion of said hearing, did recommend to the Oldham County Fiscal Court that certain sections of the Oldham County Comprehensive Zoning Ordinance be amended to include the revision; and,

WHEREAS, Oldham County Fiscal Court did advertise and conduct a public hearing on the recommended Oldham County Comprehensive Zoning Ordinance changes attached hereto, and the said Fiscal Court having voted to adopt said revisions to sections at its regular meeting conducted August 18, 2026:

“Added” are the Affected Sections:

Section 250-340 Data Centers

NOW, THEREFORE, BE IT ORDAINED BY THE FISCAL COURT OF THE COUNTY OF OLDHAM,
COMMONWEALTH OF KENTUCKY, THAT:

1) The attached language is to replace, amend or add the Sections and Divisions described above of the Oldham County Zoning Ordinance and Subdivision Regulations adopted by ordinance KOC 06-920-473, passed 12-19-2006; Ord. KOC 08-920-787, passed 10-21-2008; Ord. KOC 10-920-900, passed - -2010; Ord. KOC 10-920-873, passed 6-1-2010; Ord. KOC 11-920-054, passed 5-17-2011; Ord. KOC-16-920-345, passed 09-06-2016; Ord KOC-18-920-447, passed 03-20-2018; Ord. KOC-19-920-11, passed 09-17-2019; Ord. KOC-23-920-343, passed 06-20-2023; Ord. KOC 23-920-391, passed 10-03-2023; Ord. KOC-24-920-074, passed 11-19-2024; Ord. KOC-26-920-5, passed 07-21-2026).

This ordinance shall become effective upon its passage and advertisement according to law.

Dated this ____ day of _____, 2026.

DAVID VOEGELE

Oldham County Judge/Executive

ATTEST:

Oldham County Fiscal Court Clerk

DRAFT

SECTION 250-340 Data Centers (version created after Planning Commission changes on 6/23/2026)

Purpose and Intent

Data centers consist of networked computer systems used for data storage and processing and include supporting equipment such as batteries, generators, fuel storage, cooling devices, and renewable energy sources. The regulations established herein are intended to define and control data centers to minimize their impact on surrounding properties, ensure compatibility, and promote sustainable development. The intent is to:

1. Protect adjacent land from adverse impacts such as visual light, noise, and air pollution.
2. Ensure compatibility with other adjacent land uses and existing regulations.
3. Provide proper notice to the community to promote engagement and transparency in the approval process.

Definitions

Data – Any information, whether digital, electronic, optical or quantum, that can be collected, stored, processed, or transmitted.

Data Center – A facility used primarily for the storage, processing, or transmission of data which includes, but not limited to, buildings designed to accommodate computer servers, storage systems, or specialized computing hardware. The facility is designed to operate as a regional, national, or global node in a distributed computing network, including but not limited to commercial cloud, artificial intelligence, or high-performance computing systems. Examples of these facilities and uses include (but not limited to) crypto processing, commercial cryptocurrency mining (bitcoin mining), and artificial intelligence training and/or processing. **This does not include facilities smaller than 10,000 square feet and less than 1 megawatt (MW) of power.**

Large Data Center - A data center, as defined above, that meets one or more of the following criteria:

- Total gross power, actual or projected, **that is greater than or equal to 50 megawatts (MW)** at maximum design capacity from any power source, including power generated on site by any means.
- Gross floor area ~~of a single building~~ dedicated to computing systems and support infrastructure **greater than or equal to 100,000 square feet.**

Medium Data Center – A data center, as defined above, that meets one or more of the following criteria:

- Total gross power, actual or projected, exceeds 5 megawatts (MW) at maximum design capacity and less than 50 megawatts (MW) from any power source, including power generated on site by any means.
- Gross floor area ~~of a single building~~ dedicated to computing systems and support infrastructure that exceeds 20,001 square feet ~~to 99,999~~ square feet.

Small Data Center –

- Total gross power, actual or projected, less than or equal to 5 megawatts (MW) at maximum design capacity from any power source, including power generated on site by any means.
- Gross floor area ~~of a single building~~ is dedicated to computing systems and support infrastructure less than ~~or equal to~~ 20,000 square feet.

Zoning Districts and Location Restrictions

Permitted Zoning Districts: A data center located within Oldham County shall only be allowed in the C-4, I-1, I-2, IPD Zoning Districts and only after the approval of a Development Plan from the Oldham County Planning Commission. When the proposed data center or the cumulative square footage is classified as Large, the applicant shall be required to go before the appropriate legislative body for review and approval / denial. The contents of the plan shall include all items set forth in Division 390, Site Plan Regulations and include any required impact studies.

The classification of data centers shall be determined by the following:

1. Building Size
2. Power capacity

The following chart classifies data centers as **small**, **medium**, and **large** and be allowed in a particular zoning based on these factors:

Data Center Classification Chart				
Classification		Small	Medium	Large
Allowable Zoning District		C-4, I-1, I-2, and IPD	I-1, I-2, and IPD	I-2 and IPD
Building Size		Less than or equal to 20,000 square feet	20,001 square feet to 99,999 square feet	Greater than or equal to 100,000 square feet
Power Capacity		Less than or equal to 5 MW	5 MW to 50 MW	Greater than or equal to 50 MW
<i>Note: The greater capacity will always take precedence</i>				

Building Requirements and Setbacks

- Maximum Building Height, Lot Coverage, and Impervious Surface shall be defined by the zoning classification for which the data center is proposed with the exception of the following:
 - All structures, buildings, maintenance equipment, ground located cooling, ventilation, or backup power generation equipment must be located a minimum of **1,000 feet** from the lot lines of all adjoining properties with any type of residential zoning class or residential use and a minimum of **1,500 feet** from the lot lines of all adjoining properties with an existing public or private school

Building Requirements and Setbacks Chart				
	C-4	I-1	I-2	IPD
Minimum Acreage	1 acre	1 acre	1 acre	1 acre
Minimum Lot Width	50 feet (150 feet without sanitary sewers)	150 feet	150 feet	100 feet (150 feet without sanitary sewers)
Maximum Structure Height	45 feet	50 feet	50 feet (an additional 5 feet is allowed for every 5 feet of additional front, side, and rear yard setback increase)	45 feet (an additional 15 feet is allowed for every 5 feet of additional front, side, and rear yard setback increase)
Minimum Front Yard Setback	None (1,000 feet when adjoining residentially zoned or used property)	100 feet (1,000 feet when adjoining residentially zoned or used property)	100 feet (1,000 feet when adjoining residentially zoned or used property)	35 feet (1,000 feet when adjoining residentially zoned or used property)
Minimum Side Yard Setback	None (1,000 feet when adjoining residentially zoned or used property)	35 feet (1,000 feet when adjoining residentially zoned or used property)	35 feet (1,000 feet when adjoining residentially zoned or used property)	15 feet (1,000 feet when adjoining residentially zoned or used property)
Minimum Rear Yard Setback	None (1,000 feet when adjoining residentially zoned or used property)	25 feet (1,000 feet when adjoining residentially zoned or used property)	25 feet (1,000 feet when adjoining residentially zoned or used property)	25 feet (1,000 feet when adjoining residentially zoned or used property)
Maximum Lot Coverage for Structures	40% of the lot area	75% of the lot area	75% of the lot area	60% of the lot area
Maximum Impervious Surface	65% of the lot area	90% of the lot area	90% of the lot area	80% of the lot area

Building Aesthetics and Appearance

1. The principal façade applies to all building façades that face existing and/or planned public roads or face property with adjacent residential use and shall include the façade which includes the main entrance of the building.
2. A data center must include at least one main entrance and must project or be recessed from the main building plane and/or be differentiated from the remainder of the building façade by a change in building material.
3. The main entrance of the building shall incorporate plantings a minimum of 50% of the length of the façade that should include a mix of evergreens, deciduous shrubs, grasses, or ferns. These plantings are in addition to any required buffers or landscaping requirements as defined in Division 300, Landscaping Regulations.
4. Principal façade of a building must incorporate the following standards at least every 150 horizontal linear feet:
 - a. Change in façade surface to include building material, pattern, texture, color, accent materials.
 - b. Varied materials, colors, and textures are encouraged to create a high-quality and non-obtrusive design. Earthtones are encouraged.

- c. Windows, doors, or similar fenestration, i.e. faux windows which shall be distributed both horizontally and vertically and comprise at least 30% of the principal façade.
5. All loading and unloading areas, including overhead doors, shall be oriented towards the side or rear property lines. Loading docks are not permitted in the front or street side yards and shall not be oriented towards the front property line.
6. All buildings must be constructed to minimize glare or reflection on adjacent properties and roadways and should use appropriate textured glass, anti-reflective coating, and screening.

Location, Screening, and Sound Attenuation

1. Data center equipment may be ground mounted or roof top mounted.
2. All Data Center equipment must be shown on the submitted site plan.
3. All ground mounted equipment, up to and including generators, fuel storage tanks, and utility substations are prohibited from the front yard.
4. Ground mounted equipment shall be located on a side farthest from any type of residential use, encouraged to be in the rear of the property, and are not permitted adjacent to any property with a Zoning District permitting residential use, an existing residential development, residentially used, or school used property.
5. All Data Center equipment shall be fully screened on all sides from all existing and planned public roads as well as adjoining parcels utilizing a mixture of screening materials, berms, or landscaping. The visually solid screen must be constructed with a design, materials, details, and treatment compatible with those used on the closest principal façade and consistent with building design material.
6. Data Center equipment requires sound dampening barriers, a minimum of ten (10) feet in height or a minimum of two (2) feet above generator height (whichever is greater).
7. Screening walls for Data Center equipment may be designed to allow for ventilation of the mechanical equipment.
8. Screening for roof mounted equipment shall be screened by a parapet wall equal to the height of the tallest rooftop equipment and should be designed to blend with the architectural style, materials, and color of the building.

Generator Regulations and Testing Requirements

1. Backup power generation using diesel fuel, natural gas, or Battery Energy Storage systems are permitted on all data centers within Oldham County.
2. Backup diesel generators shall be a minimum of Tier IV (or the highest Environmental Protection Association industry standard available at the time of application) which meet stricter emission standards and prohibit possible harmful effects from the generator.
3. Except for generator testing or commissioning activities, generator use shall be limited to backup and emergency use only. Continuous generator use outside of power outages is prohibited.
4. All turbines are prohibited.
5. Generators shall be tested no more than once per week per unit.
6. Generator testing is permitted only during the hours of 12 P.M. to 5 P.M. Monday through Friday.

Cooling Requirements

1. All liquid cooled equipment must utilize a closed-loop system.
2. Water used for liquid cooling systems must come from a municipal source and not from any type of private well system.
3. Water discharge for liquid cooling systems shall only occur after treatment (if required) and only to municipal sewer facilities.
4. If a Thermal Energy District (waste heat recapture) is created and functional, participation is required for any new data center.

Landscaping, Lighting, and Fencing Requirements

1. Landscaping Requirements
 - a. Landscaping requirements shall adhere to Division 300, Landscaping Regulations.
2. Lighting Requirements
 - a. Lighting requirements shall adhere to Division 310, Lighting Regulations.
3. Fencing Requirements
 - a. Boundary fencing shall not exceed 10-feet in height.
 - b. Permitted boundary fence materials include aluminum and iron.

- c. Chain link fencing and/ or barbed / razor wire fencing are only allowed around fuel storage.

Examples include:

Security

1. Any type of video and/or audio surveillance shall be restricted to property boundaries and public right-of-way.

Required Impact Studies

1. Noise –
 - a. A pre-construction and post construction noise analysis is required for all data centers with the generators in both active and inactive states.
 - b. This analysis must be conducted, signed, and stamped by a certified/ licensed acoustical engineer.
 - c. The required noise analysis shall ensure a maximum of 55 dB (A) at the property line for no greater than 15 minutes.
 - d. The locations of the noise measuring equipment for the pre-construction noise analysis shall be shown on the submitted site plan. The points of measurement shall be at all property lines and generally at points most susceptible to noise from applicable proposed equipment.
 - e. The noise analysis should include the date, time, and duration of measurements taken and should be taken at various times of the day and night.

- f. Any noise analysis greater than 55 dB (A) at the property line shall have an abatement plan to mitigate any additional increase in noise.
2. Traffic – A roadway impact assessment may be required after consultation with the Oldham County Engineer’s Office and shall be required prior to the Planning Commission hearing to evaluate the potential impact of construction on the existing road system.
3. Environmental - Environmentally sensitive areas include areas of steep slopes (over 20%) of at least 5,000 square feet, 100-year flood plains, and areas of poor soils as determined by Administrator and Flood Plain Administrator in consultation with Natural Resources Conservation Service, improper fill, wetlands, and springs. If the development is in an environmentally sensitive area, the Zoning Administrator or Flood Plain Administrator may require an environmental assessment that includes mitigation factors.
4. Health Impact Assessment – A Health Impact Assessment may be required after consultation with the Oldham County Health Department and be required prior to the Planning Commission hearing. A Health Impact Assessment will be required for any proposed data center classified as Large.

Notifications

1. The applicant must hold at least one neighborhood meeting prior to filing an application for a data center.
2. This meeting shall be conducted no later than 30 days prior to applying for the Technical Review Committee hearing, a required step in the Development Plan and/or Zoning Map Amendment process.
3. All neighborhood meeting information including invitations, addresses of those notified, attendance sheets, meeting notes, presented questions and concerns, as well as responses to feedback shall be provided with the application.
4. All property owners (as listed in current Oldham County PVA records) within 500 feet of the property lines of the proposed data center must be notified of the neighborhood meeting at least two weeks before the meeting via first-class USPS mail.

SECTION 250-340 Data Centers (version created after Planning Commission changes on 6/23/2026)

Purpose and Intent

Data centers consist of networked computer systems used for data storage and processing and include supporting equipment such as batteries, generators, fuel storage, cooling devices, and renewable energy sources. The regulations established herein are intended to define and control data centers to minimize their impact on surrounding properties, ensure compatibility, and promote sustainable development. The intent is to:

1. Protect adjacent land from adverse impacts such as visual light, noise, and air pollution.
2. Ensure compatibility with other adjacent land uses and existing regulations.
3. Provide proper notice to the community to promote engagement and transparency in the approval process.

Definitions

Data – Any information, whether digital, electronic, optical or quantum, that can be collected, stored, processed, or transmitted.

Data Center – A facility used primarily for the storage, processing, or transmission of data which includes, but not limited to, buildings designed to accommodate computer servers, storage systems, or specialized computing hardware. The facility is designed to operate as a regional, national, or global node in a distributed computing network, including but not limited to commercial cloud, artificial intelligence, or high-performance computing systems. Examples of these facilities and uses include (but not limited to) crypto processing, commercial cryptocurrency mining (bitcoin mining), and artificial intelligence training and/or processing. This does not include facilities smaller than 10,000 square feet and less than 1 megawatt (MW) of power.

Large Data Center - A data center, as defined above, that meets one or more of the following criteria:

- Total gross power, actual or projected, that is greater than or equal to 50 megawatts (MW) at maximum design capacity from any power source, including power generated on site by any means.
- Gross floor area dedicated to computing systems and support infrastructure greater than or equal to 100,000 square feet.

Medium Data Center – A data center, as defined above, that meets one or more of the following criteria:

- Total gross power, actual or projected, exceeds 5 megawatts (MW) at maximum design capacity and less than 50 megawatts (MW) from any power source, including power generated on site by any means.
- Gross floor area dedicated to computing systems and support infrastructure that exceeds 20,001 square feet to 99,999 square feet.

Small Data Center –

- Total gross power, actual or projected, less than or equal to 5 megawatts (MW) at maximum design capacity from any power source, including power generated on site by any means.
- Gross floor area is dedicated to computing systems and support infrastructure less than or equal to 20,000 square feet.

Zoning Districts and Location Restrictions

Permitted Zoning Districts: A data center located within Oldham County shall only be allowed in the C-4, I-1, I-2, IPD Zoning Districts and only after the approval of a Development Plan from the Oldham County Planning Commission. When the proposed data center or the cumulative square footage is classified as Large, the applicant shall be required to go before the appropriate legislative body for review and approval / denial. The contents of the plan shall include all items set forth in Division 390, Site Plan Regulations and include any required impact studies.

The classification of data centers shall be determined by the following:

1. Building Size
2. Power capacity

The following chart classifies data centers as **small**, **medium**, and **large** and be allowed in a particular zoning based on these factors:

Data Center Classification Chart				
Classification		Small	Medium	Large
Allowable Zoning District		C-4, I-1, I-2, and IPD	I-1, I-2, and IPD	I-2 and IPD
Building Size		Less than or equal to 20,000 square feet	20,001 square feet to 99,999 square feet	Greater than or equal to 100,000 square feet
Power Capacity		Less than or equal to 5 MW	5 MW to 50 MW	Greater than or equal to 50 MW
Note: The greater capacity will always take precedence				

Building Requirements and Setbacks

- Maximum Building Height, Lot Coverage, and Impervious Surface shall be defined by the zoning classification for which the data center is proposed with the exception of the following:
 - All structures, buildings, maintenance equipment, ground located cooling, ventilation, or backup power generation equipment must be located a minimum of **1,000 feet** from the lot lines of all adjoining properties with any type of residential zoning class or residential use and a minimum of **1,500 feet** from the lot lines of all adjoining properties with an existing public or private school

Building Requirements and Setbacks Chart				
	C-4	I-1	I-2	IPD
Minimum Acreage	1 acre	1 acre	1 acre	1 acre
Minimum Lot Width	50 feet (150 feet without sanitary sewers)	150 feet	150 feet	100 feet (150 feet without sanitary sewers)
Maximum Structure Height	45 feet	50 feet	50 feet (an additional 5 feet is allowed for every 5 feet of additional front, side, and rear yard setback increase)	45 feet (an additional 15 feet is allowed for every 5 feet of additional front, side, and rear yard setback increase)
Minimum Front Yard Setback	None (1,000 feet when adjoining residentially zoned or used property)	100 feet (1,000 feet when adjoining residentially zoned or used property)	100 feet (1,000 feet when adjoining residentially zoned or used property)	35 feet (1,000 feet when adjoining residentially zoned or used property)
Minimum Side Yard Setback	None (1,000 feet when adjoining residentially zoned or used property)	35 feet (1,000 feet when adjoining residentially zoned or used property)	35 feet (1,000 feet when adjoining residentially zoned or used property)	15 feet (1,000 feet when adjoining residentially zoned or used property)
Minimum Rear Yard Setback	None (1,000 feet when adjoining residentially zoned or used property)	25 feet (1,000 feet when adjoining residentially zoned or used property)	25 feet (1,000 feet when adjoining residentially zoned or used property)	25 feet (1,000 feet when adjoining residentially zoned or used property)
Maximum Lot Coverage for Structures	40% of the lot area	75% of the lot area	75% of the lot area	60% of the lot area
Maximum Impervious Surface	65% of the lot area	90% of the lot area	90% of the lot area	80% of the lot area

Building Aesthetics and Appearance

1. The principal façade applies to all building façades that face existing and/or planned public roads or face property with adjacent residential use and shall include the façade which includes the main entrance of the building.
2. A data center must include at least one main entrance and must project or be recessed from the main building plane and/or be differentiated from the remainder of the building façade by a change in building material.
3. The main entrance of the building shall incorporate plantings a minimum of 50% of the length of the façade that should include a mix of evergreens, deciduous shrubs, grasses, or ferns. These plantings are in addition to any required buffers or landscaping requirements as defined in Division 300, Landscaping Regulations.
4. Principal façade of a building must incorporate the following standards at least every 150 horizontal linear feet:
 - a. Change in façade surface to include building material, pattern, texture, color, accent materials.
 - b. Varied materials, colors, and textures are encouraged to create a high-quality and non-obtrusive design. Earthtones are encouraged.

- c. Windows, doors, or similar fenestration, i.e. faux windows which shall be distributed both horizontally and vertically and comprise at least 30% of the principal façade.
5. All loading and unloading areas, including overhead doors, shall be oriented towards the side or rear property lines. Loading docks are not permitted in the front or street side yards and shall not be oriented towards the front property line.
6. All buildings must be constructed to minimize glare or reflection on adjacent properties and roadways and should use appropriate textured glass, anti-reflective coating, and screening.

Location, Screening, and Sound Attenuation

1. Data center equipment may be ground mounted or roof top mounted.
2. All Data Center equipment must be shown on the submitted site plan.
3. All ground mounted equipment, up to and including generators, fuel storage tanks, and utility substations are prohibited from the front yard.
4. Ground mounted equipment shall be located on a side farthest from any type of residential use, encouraged to be in the rear of the property, and are not permitted adjacent to any property with a Zoning District permitting residential use, an existing residential development, residentially used, or school used property.
5. All Data Center equipment shall be fully screened on all sides from all existing and planned public roads as well as adjoining parcels utilizing a mixture of screening materials, berms, or landscaping. The visually solid screen must be constructed with a design, materials, details, and treatment compatible with those used on the closest principal façade and consistent with building design material.
6. Data Center equipment requires sound dampening barriers, a minimum of ten (10) feet in height or a minimum of two (2) feet above generator height (whichever is greater).
7. Screening walls for Data Center equipment may be designed to allow for ventilation of the mechanical equipment.
8. Screening for roof mounted equipment shall be screened by a parapet wall equal to the height of the tallest rooftop equipment and should be designed to blend with the architectural style, materials, and color of the building.

Generator Regulations and Testing Requirements

1. Backup power generation using diesel fuel, natural gas, or Battery Energy Storage systems are permitted on all data centers within Oldham County.
2. Backup diesel generators shall be a minimum of Tier IV (or the highest Environmental Protection Association industry standard available at the time of application) which meet stricter emission standards and prohibit possible harmful effects from the generator.
3. Except for generator testing or commissioning activities, generator use shall be limited to backup and emergency use only. Continuous generator use outside of power outages is prohibited.
4. All turbines are prohibited.
5. Generators shall be tested no more than once per week per unit.
6. Generator testing is permitted only during the hours of 12 P.M. to 5 P.M. Monday through Friday.

Cooling Requirements

1. All liquid cooled equipment must utilize a closed-loop system.
2. Water used for liquid cooling systems must come from a municipal source and not from any type of private well system.
3. Water discharge for liquid cooling systems shall only occur after treatment (if required) and only to municipal sewer facilities.
4. If a Thermal Energy District (waste heat recapture) is created and functional, participation is required for any new data center.

Landscaping, Lighting, and Fencing Requirements

1. Landscaping Requirements
 - a. Landscaping requirements shall adhere to Division 300, Landscaping Regulations.
2. Lighting Requirements
 - a. Lighting requirements shall adhere to Division 310, Lighting Regulations.
3. Fencing Requirements
 - a. Boundary fencing shall not exceed 10-feet in height.
 - b. Permitted boundary fence materials include aluminum and iron.

- c. Chain link fencing and/ or barbed / razor wire fencing are only allowed around fuel storage.

Examples include:

Security

1. Any type of video and/or audio surveillance shall be restricted to property boundaries and public right-of-way.

Required Impact Studies

1. Noise –
 - a. A pre-construction and post construction noise analysis is required for all data centers with the generators in both active and inactive states.
 - b. This analysis must be conducted, signed, and stamped by a certified/ licensed acoustical engineer.
 - c. The required noise analysis shall ensure a maximum of 55 dB (A) at the property line for no greater than 15 minutes.
 - d. The locations of the noise measuring equipment for the pre-construction noise analysis shall be shown on the submitted site plan. The points of measurement shall be at all property lines and generally at points most susceptible to noise from applicable proposed equipment.
 - e. The noise analysis should include the date, time, and duration of measurements taken and should be taken at various times of the day and night.

- f. Any noise analysis greater than 55 dB (A) at the property line shall have an abatement plan to mitigate any additional increase in noise.
2. Traffic – A roadway impact assessment may be required after consultation with the Oldham County Engineer’s Office and shall be required prior to the Planning Commission hearing to evaluate the potential impact of construction on the existing road system.
3. Environmental - Environmentally sensitive areas include areas of steep slopes (over 20%) of at least 5,000 square feet, 100-year flood plains, and areas of poor soils as determined by Administrator and Flood Plain Administrator in consultation with Natural Resources Conservation Service, improper fill, wetlands, and springs. If the development is in an environmentally sensitive area, the Zoning Administrator or Flood Plain Administrator may require an environmental assessment that includes mitigation factors.
4. Health Impact Assessment – A Health Impact Assessment may be required after consultation with the Oldham County Health Department and be required prior to the Planning Commission hearing. A Health Impact Assessment will be required for any proposed data center classified as Large.

Notifications

1. The applicant must hold at least one neighborhood meeting prior to filing an application for a data center.
2. This meeting shall be conducted no later than 30 days prior to applying for the Technical Review Committee hearing, a required step in the Development Plan and/or Zoning Map Amendment process.
3. All neighborhood meeting information including invitations, addresses of those notified, attendance sheets, meeting notes, presented questions and concerns, as well as responses to feedback shall be provided with the application.
4. All property owners (as listed in current Oldham County PVA records) within 500 feet of the property lines of the proposed data center must be notified of the neighborhood meeting at least two weeks before the meeting via first-class USPS mail.

**MINUTES OF REGULAR MEETING
OLDHAM COUNTY
PLANNING AND ZONING COMMISSION
Tuesday, June 23, 2026**

At 9:05a.m., local time on the above date, this meeting of the Oldham County Planning and Zoning Commission, hereinafter called the Commission, was called to order in the Courtroom of the Oldham County Fiscal Court Building, La Grange, Kentucky, by Chair Katie Nasser.

Other Commission members present were:

Wayne Allen
William Douglas
Berry Hampton
Skip Miller

James Allison
Thomas Elder
Allen Hayes
Sue Ann Thompson

Iva Davis
Deborah Graham
Tom Marsh

Commissioners Bob Klingenfus and Debbie Kraus were absent.

Others present and sworn in were Planning and Development Services Director Ryan Fischer, Planner John Hine, and Oldham County Engineer Jim Silliman. County Attorney Berry Baxter was present for the meeting and Administrative Assistant Christy Edgar was the Secretary for the meeting.

.....
Approval of Minutes

Motion was made by Commissioner Elder and seconded by Commissioner Marsh to approve May 26, 2026; minutes as submitted with the following corrections. Motion carried by unanimous voice vote.

Corrections

- Page 1, under approval of minutes, remove Hayes and add Kraus.
- Page 2, under Jim Silliman, 4th bullet point, remove West and add Old.

.....
Secretary Christy Edgar called and read Docket:

DOCKET PZ-26-007 – An application has been filed by Greenberg Enterprises for a Preliminary Subdivision Plan with one hundred twenty-three (123) lots on property located at 3104 and 3112 Cedar Point Rd., Buckner. The property is 82.92-acres and zoned R-2, Residential District, and CO-1, Conservation District.

1. Introduction of the new information by staff and questions by the Commission:

Planner John Hine presented the following:

- Summary of the application.

- Case History (see Exhibit A, Staff Report dated June 23, 2026).
- Site history.
- Aerial Photos of the site.
- Photos of property.

Jim Silliman, Oldham County Engineer

- April 15, 2026, TRC comments that I made still apply.
- The land-disturbance will be greater than one acre so the applicant will need to obtain a KYR10 Permit from the Kentucky Division of Water and an Oldham County Stormwater Quality Management and Erosion Control permit from Oldham County Engineering Department.
- There are blue line streams on the site, but it looks like the applicant has situated the lots to not disturb the blue line streams, but if they do then they will need to get a permit from Division of Water and the Army Corps of Engineers.
- The second entrance is not required. However, we have discussed with the applicant to potentially make the entrance to the YMCA parking lot an emergency use only.
- We have asked KYTC to perform a traffic speed study in that area and we are still waiting for the results.

Commissioner Allen asked, based on the school boards calculations of 28 units per year, would net 15 students, is that 15 students a year or whole project?

Planner Hine replied, I believe that is 15 students a year, but the school board would need to confirm.

Commissioner Allison asked, has the congestion of the schools been addressed in any of the traffic studies?

County Engineer Silliman replied, I don't think it has and that is a great question for the applicant. But it could be outside of the radius or distance of the traffic studies.

Chair Nasser asked, what is the time frame for KYTC to look at the speed limit?

County Engineer Silliman replied, probably in the next week or two we will have some type of report.

2. Presentation by the applicant or representative and others in support of the application:

Cliff Ashburner, Dinsmore & Shohl, 101 S. 5th Street, Louisville, was present and representing the applicant.

- The property is zoned R-2 and CO-1.
- The minimum lot size is 12,000 square feet in R-2 and the CO-1 portion will be open space.
- This proposed subdivision does not have waivers or variances.

- The entrance to this subdivision would be Cedar Point Road and we will be in talks with YMCA about connections.

Derek Triplett, Land Design & Development, 503 Washburn Ave, Louisville, was present and sworn in prior to presenting.

- The proposed subdivision is 77.5 acres with 70.4 acres zoned R-2, and 7 acres zoned CO-1.
- Total of 123 lots.
- Will have 27.5 acres of open space.
- There will be two detention basins on this property.
- The property will be served by sewers.

Diane Zimmerman, Traffic Engineering, LLC, 12803 High Meadows Pike, Prospect, was present and sworn in prior to presenting.

- KY Hwy 393 has now started construction and will be open to traffic in 2029, which will ease the traffic.
- This is a low crash corridor with the exception around the school campus.
- Based on the amount of traffic generated for this subdivision and the completion of Hwy 393, there will be minor impact.
- No mitigation is necessary for the roadway capacity because of this development.

3. Testimony and questions by those opposing the application:

Martha Vokoun, 2500 Fieldstone Drive, LaGrange, was present and sworn in prior to presenting.

- Will the YMCA entrance be big enough for fire trucks?
- Why was the entrance chosen going directly into the houses instead of going into the green space?
- How were the assumptions made about the number of trips for cars?

4. Questioning of the applicant and those opposing the application by the Commission:

Commissioner Miller asked, where is the construction access to be located?

Mr. Triplett replied, the construction companies would use the main entrance for access into the development.

Commissioner Allison asked, would there be disturbance in the conservation zone areas during constructions?

Mr. Triplett replied, at this time we do not anticipate that, however we do have a detention basin that is just north of the conservation zone.

Commissioner Marsh asked, did you get sanitary approval?

Mr. Triplett replied, we are currently working with MSD, as we are working through taking the pump station offline and designing the one onsite.

Commissioner Hampton asked, can the applicant address the three questions that Mrs. Vokoun asked?

Attorney Ashburner replied, we are currently negotiating the entrance to the YMCA, and we are happy to make access way big enough to handle a fire truck. The main entrance location was chosen because that is where the road frontage is located.

Mr. Triplett replied, the main entrance location was chosen because of the topographic and environmental constraints prevent us from having entrance at another location.

Mrs. Zimmerman replied, the traffic data used comes from the Institute of Transportation Engineers Trip Generation Manual, the 12th edition.

Commissioner Douglas asked, what is the minimum lot size for R-2?

Mr. Triplett replied, 80-feet is the minimum.

Commissioner Douglas asked, how far does it go back onto the lot?

Mr. Triplett replied, the lot width is measured at the front setback line which is measured at 35 feet and on cul-de-sac lots we draw a tangent line across that setback line, and we make sure we have the frontage requirement at that point.

Director Fischer asked, why does lot one look like it sets separate from the other lots in the subdivision?

Mr. Triplett replied, the area between lot 1 and lot 2 gets too encumbered by the topography and by the proximity of that stream to create lots in that area.

- 5. Rebuttal evidence and Cross Examination by the Applicant: None**
- 6. Rebuttal evidence and Cross Examination by the Opposition: None**
- 7. Final statement of the Opposition: None**
- 8. Final statement of the Applicant:**

Attorney Ashburner's final statement.

- The subdivision complies with all the zoning requirements and the subdivision regulations.

END OF PUBLIC HEARING

Director Fischer summarized the docket and added two more binding elements.

Attorney Ashburner agreed to the additional binding elements.

FINDINGS AND DECISIONS
Preliminary Subdivision Plan
3104, 3112 Cedar Point Road
Buckner

Motion was made by Commissioner Elder and seconded by Commissioner Marsh to approve the preliminary subdivision plan located at 3104, 3112 Cedar Point Road, Buckner because it complies with objectives of the comprehensive plan, the zoning ordinance and the subdivision regulations based on evidence and testimony provided today. This motion also includes the following Binding Elements.

Binding Elements

1. The approval applies only to the plan presented at the June 23, 2026, Oldham County Planning Commission Public hearing.
2. There shall be no subdivision of any lot into a greater number of lots without review by the Oldham County Planning Commission.
3. The preliminary plan must comply with all established federal, state, and county ordinances and requirements at the time of construction plan approval.
4. The maximum number of building permits per year is 28, per Oldham County Board of Education.
5. If a connection to the YMCA is finalized, the plan shall include a properly sized connection for emergency vehicle use and pedestrian access only.
6. No construction traffic would be allowed through the Oldham County YMCA property.

The vote was as follows:

YES: Commissioners Allen, Allison, Davis, Douglas, Elder, Graham, Hampton, Hayes, Marsh, Miller, and Thompson.

NO: None

ABSTAIN: None

ABSENT: Commissioner Klingenfus and Kraus.

Motion approved on a vote of 11-0

.....
Secretary Christy Edgar called and read Docket:

DOCKET PZ-26-010 – An application has been filed by Prime Property Development Co., LLC for a Development Plan on property located at the 2000 Block of S. Highway 393., La Grange. The property is 51-acres and zoned PUD, Planned Unit Development District.

1. Introduction of the new information by staff and questions by the Commission:

Planner John Hine presented the following:

- Summary of the application.
- Case History (see Exhibit A, Staff Report dated June 23, 2026).
- Site history.
- Aerial Photos of the site.
- Photos of property.

Jim Silliman, Oldham County Engineer

- TRC comments that I made still apply.
- The land-disturbance will be greater than one acre so the applicant will need to obtain a KYR10 Permit from the Kentucky Division of Water and an Oldham County Stormwater Quality Management and Erosion Control permit from Oldham County Engineering Department.
- The basins will be inline basins for this site and those are not used for sediment controls, so the applicant will need to have a temporary sediment basin during the construction.

Commissioner Douglas asked, are we assuming that KYTC will make a signal there on Hwy 393 entrance/exit?

County Engineer Silliman replied, no we are not making that assumption.

Commissioner Douglas asked, will we be making that request?

County Engineer Silliman replied, no, I think if they were concerned by it then they would restrict it.

Commissioner Miller asked, do you know if there have been any warrants filed with the state highway for the Hwy 393 entrance into this development for a traffic signal?

County Engineer Silliman replied, no.

2. Presentation by the applicant or representative and others in support of the application:

Jon Baker, Bricker, Graydon and Wyatt, 400 W. Market Street, Louisville, was present and representing the applicant.

- There will be a home improvement store, grocery store and out lots for other commercial businesses.
- The access point coming from Hwy 393 has already been stubbed in.
- The access point coming from Commerce Pkwy will be located at the existing red light.
- There will be bike parking onsite and pedestrian connections.

Derek Triplett, Land Design & Development, 503 Washburn Ave, Louisville, was present and sworn in prior to presenting.

- The total tract is 64 acres, and the proposed development will set on 29.9 acres.
- We are working closely with CSX on making sure both construction sites run smoothly.

Attorney Baker continued.

- Based on the traffic impact study that Mrs. Zimmerman has completed, it states that the volume of traffic generated by Buckner Crossing for the years 2028 and 2038 there will be an impact on the existing highway network.
- There are no additional roadway improvements that will improve the level of service.
- The volumes at the entrance do not meet the KYTC volume warrant for right turn lanes.
- The major roadway improvements being provided with the KY 393 will greatly enhance operations within the area.

3. Testimony and questions by those opposing the application: None

4. Questioning of the applicant and those opposing the application by the Commission:

Commissioner Hampton asked, will the Hwy 393 project be completed before this development is completed?

Mr. Triplett replied, the completion of the Hwy 393 will occur after these businesses are opened.

Commissioner Hampton stated, I am concerned about this construction going on while the realignment of Hwy 393 is going on too.

Commissioner Douglas asked, will there be a dead-end access road for the future residential portion?

Mr. Triplett replied, we do not believe the access road for the residential portion will be constructed at this time, but the area will be reserved for the connection in the future.

Commissioner Douglas asked, usually on the plans it shows where the trash pickup would be, however, I don't see that on this set of plans.

Mr. Triplett replied, all the trash pickups will happen at the back of house, and there is plenty of room for maneuverability for the semi-trucks.

Commissioner Douglas asked, is there anywhere on these plans that discuss fire hydrants?

Mr. Triplett replied, not at this time, but we will have coordination with the fire department at civil construction plan level to make sure that all apparatus in the appropriate proximity, meet all the requirements.

Commissioner Miller asked, do you know when the construction will start for this development?

Justin Phelps, Prime Property Development, LLC, 10707 Hobbs Station Road, Louisville, was present and sworn in prior to replying, we are hoping to start some of the site work as early as quarter four. The big retailers would like to be open in quarter one of 2028.

Commissioner Davis asked, do you have commitments from the grocery and home improvement store?

Mr. Triplett replied, yes.

5. **Rebuttal evidence and Cross Examination by the Applicant: None**
6. **Rebuttal evidence and Cross Examination by the Opposition: None**
7. **Final statement of the Opposition: None**
8. **Final statement of the Applicant:**

Attorney Baker's final statement:

- Our development plan meets the guidelines of the Buckner Crossing's Master Plan as well as any guidelines in section 230 of the zoning regulations.
 - This development will be a wonderful asset to this community.

END OF PUBLIC HEARING

Director Fischer summarized the docket.

FINDINGS AND DECISIONS **Docket PZ-26-010** **Development Plan** **Commerce Pkwy & S. Hwy 396**

Motion was made by Commissioner Davis and seconded by Commissioner Elder to approve the development plan located at Commerce Parkway and South Highway 393, Buckner because it complies with the comprehensive plan and the zoning ordinances, the subdivision regulations, and the Buckner Crossing's Master Plan. This motion also includes the following Binding Elements.

Binding Elements

1. The approval applies only to the plan presented at the June 23, 2026, Oldham County Planning Commission public hearing.
2. There shall be no changes to the plan without review by the Oldham County Planning Commission and Engineer's Office.
3. The plan must comply with all established federal, state and county ordinances and requirements and comply with all necessary easement restrictions at the time of construction plan approval.
4. The applicant must submit a Landscape and Lighting Plan for review and approval by Oldham County Planning and Development Staff as well as the Buckner Crossings Architectural Review Committee.

The vote was as follows:

YES: Commissioners Allen, Allison, Davis, Douglas, Elder, Graham, Hayes, Marsh, Miller, and Thompson.

NO: Commissioner Hampton.

ABSTAIN: None

ABSENT: Commissioner Klingenfus and Kraus.

Motion approved on a vote of 10-1

.....
Motion was made by Commissioner Douglas and seconded by Commissioner Elder to take a 5-minute break. Motion carried by unanimous voice vote at 10:45 a.m.

Motion was made by Commissioner Elder and seconded by Commissioner Marsh to come back in session at 10:50 a.m. Motion carried by unanimous voice vote.

.....
Secretary Christy Edgar called and read Docket:

DOCKET PZ-26-011 – An application has been filed by Maria & Spencer Merwin for a Waiver of the Minor Plat Rule on property located at 5201 Eighteen Mile Creek Rd., Westport. The property is 11.4-acres and zoned AG-1, Agricultural District and CO-1, Conservation District.

1. Introduction of the new information by staff and questions by the Commission:

Planner John Hine presented the following:

- Summary of the application.
- Case History (see Exhibit A, Staff Report dated June 23, 2026).
- Site history.
- Aerial Photos of the site.
- Photos of property.
- Received one letter of support.

Jim Silliman, Oldham County Floodplain Administrator and Engineer

- Showed the flood plain information on the projector screen.

Commissioner Miller asked, is this Oldham County Water?

Planner Hine replied, you will need to ask the applicant.

Commissioner Douglas asked, does this meet all the standards of AG-1, lot sizes and setbacks?

Planner Hine replied, setbacks and lot sizes, yes. It will not meet the road frontage and the applicant will have to request variances for every lot.

2. Presentation by the applicant or representative and others in support of the application:

Neil Salyer, Brammell Law Office, PSC, 401 W. Jefferson St., LaGrange, was present and representing the applicant.

- The subject property is 11.4 acres and zoned AG-1 and CO-1.
- Wanting to create three family-oriented parcels and one residual tract.
- One house and one barn already exist on the property.
- The barn has been renovated and is now a barndominium.

- The proposed acreages would be existing residential 1.44 acres, existing barn 1.01 acres, new tract 1.72 acres and the conservation would be 6.81 acres.

3. Testimony and questions by those opposing the application:

Tom Grace, 4420 W. Hwy 524, Westport, was present and sworn in prior to presenting.

- Wanting to know how close they will be building to the property line?

4. Questioning of the applicant and those opposing the application by the Commission:

Commissioner Douglas asked, what is the hardship?

Attorney Salyer replied, the applicant wants to create lots so their family can live close to one another and can care for the older generations.

Commissioner Thompson asked, will you address the neighbors question?

Maria Merwin, 5201 Eighteen Mile Road, Westport, was present and sworn in prior to replying, because of the slope of the hill, the home would be closer to the front of the property.

Commissioner Allison asked, if we approve of this and the family decides they do not want to move on the property then what will happen with the property?

Attorney Salyer replied, the family wants to live closer together whether it is to take care of the older family members or not.

Commissioner Hayes asked, is there a way that this can be done with a home on the property and then adding an ADU?

Attorney Salyer replied, I am not sure this can be done with the goal of creating four distinct tracks.

Director Fischer replied, an ADU is an option however there is a size restriction on the ADU, it can not be more than 25% of the primary structure's square footage and then they would have to redo the lot sizes to make this happen because of the septic. They could create two tracks and then wait for the five years to come in and create the third track, so I think the question would be what the hardship is and why they want to create three tracks right now.

Commissioner Hayes asked, is this going to be tiny homes?

Attorney Salyer replied, no tiny homes.

Commissioner Douglas asked, why does this need to be the three lots in a five-year period?

Mrs. Merwin replied, we did consider an ADU but the existing home is 2000 square feet and the ADU would be tiny, and we cannot wait five years because my husband is sick.

Commissioner Douglas asked, how soon does your family members intend to build?

Mrs. Merwin replied, they are ready, we are just waiting for permission.

Commissioner Thompson asked, will they be sharing the driveway?

Attorney Salyer replied, no they will not. The lots with the existing structures will share the current driveway. The 40-foot access to the conservation area will share the driveway with the other lot. And there will be maintenance agreements in place.

- 5. Rebuttal evidence and Cross Examination by the Applicant: None**
- 6. Rebuttal evidence and Cross Examination by the Opposition: None**
- 7. Final statement of the Opposition: None**
- 8. Final statement of the Applicant:**

Attorney Salyer's final statement:

- The goal here today is having family members close to help take care of sick and ailing family members.
- The family is ready to move forward with building their home and updating the existing structures.

END OF PUBLIC HEARING

Director Fischer summarized the docket.

FINDINGS AND DECISIONS **Docket PZ-26-011** **Waiver** **Minor Subdivision Plat** **5201 Eighteen Mile Creek Road**

Motion was made by Commissioner Thompson and seconded by Commissioner Davis to approve the waiver for minor subdivision plat located at 5201 Eighteen Mile Creek Road, Westport, because it is not contrary to public interest giving the neighbors have expressed support and there is no opposition other than a few questions that were addressed and due to the hardship of the aging and medically vulnerable family members that they discussed and the need to go ahead and move on this immediately rather than waiting for five years and they intend to preserve the rural nature of the area and this does not go against that. This motion also includes the following Conditions of Approval.

Conditions of Approval

1. The waiver shall only apply to the plan reviewed at the June 23, 2026, Planning Commission public hearing.
2. A minor plat application and survey must be submitted to staff for review and approval.
3. A shared road maintenance agreement must be filed with the deed room and submitted to the Planning and Development Office prior to approval of the minor plat.
4. The applicant will need to obtain road frontage variances for all four lots from the Oldham County Board of Adjustments.

The vote was as follows:

YES: Commissioners Allen, Allison, Davis, Douglas, Elder, Graham, Hampton, Hayes, Marsh, Miller, and Thompson.

NO: None

ABSTAIN: None

ABSENT: Commissioner Klingenfus and Kraus.

Motion approved on a vote of 11-0

.....
Secretary Christy Edgar called and read Docket:

DOCKET PZ-26-012 – A Zoning Text Amendment creating Section 250-340 Data Centers of the Oldham County Comprehensive Zoning Ordinance.

1. Introduction of the new information by staff and questions by the Commission:

Director Ryan Fischer presented the following:

- Summary of the application.
- Case History (see Exhibit A, Staff Report dated June 23, 2026).

Director Fischer explained all the changes from the Study Review Committee.

2. Testimony and questions by those opposing the application:

Laura Parker, 4907 Glenarm Road, was present and sworn in prior to presenting.

- Concerned about loopholes left open in the ordinance.

Don Erler, no address given, was present and sworn in prior to presenting.

- Do not agree with a large-scale data centers in IPD zoning.

Mark Herbener, Eighteen Mile Church Road, was present and sworn in prior to presenting.

- Only allow small and medium size data centers in IPD zoning.

Stewart Robinson, no address given, was present and sworn in prior to presenting.

- No large-scale data centers should be allowed in IPD.
- Notifications should be mailed to people within 1000 feet and not 500 feet.

Nathan Oberg, no address given, was present and sworn in prior to presenting.

- Explained his interpretation of how setbacks work.

Barry Laws, no address given, was present and sworn in prior to presenting.

- If this board approves large-scale data centers in IPD then this board will be sued, because IPD does not allow heavy industrial.

Mark Sutton, LaGrange, was present and sworn in prior to presenting.

- I would recommend that Oldham County follows the KRC model when making the data center ordinance.
- I recommend that the commissioners do not send this draft forward as this, especially with the IPD, and review the KRC model ordinance.

Amanda Dreckman, 2030 Pioneer Place, Crestwood, was present and sworn in prior to presenting.

- I believe that the proposed regulations will not adequately protect the people and animals of Oldham County from air, water, soil and/or noise pollution.
- And it will not protect the increase in water and electricity bills that has been associated with large-scale data centers.

3. Final Statements by the Opposition.

Mr. Laws' final statement.

- What is allowed and disallowed in IPD?

Mr. Sutton's final statement.

- I would like to reiterate the KRC document.

Mr. Oberg's final statement.

- We are the citizens of this county and we care.

Mrs. Parker's final statement.

- Why don't we use the KRC guidelines and make our life simpler and protect ourselves.

Mr. Erler's final statement.

- I would just like for the commissioners to remove the IPD as an approved zoning for large-scale data centers.

END OF PUBLIC HEARING

County Attorney Baxter gave guidance to the Commissioners.

Page 1—Definitions

Motion was made by Commissioner Hayes and seconded by Commissioner Allison to recommend to Oldham County Fiscal Court that they modify the definition to exclude facilities less than 10,000 square feet and less than 1 megawatt of usage.

The vote was as follows:

YES: Commissioners Allen, Allison, Davis, Graham, Hayes, and Marsh.

NO: Commissioners Douglas, Elder, Hampton, Miller, and Thompson.

ABSTAIN: None

ABSENT: Commissioner Klingenfus and Kraus.

Motion approved on a vote of 6-5

Motion was made by Commissioner Thompson and seconded by Commissioner Douglas to recommend to Oldham County Fiscal Court to have the definition match the data center classification chart.

The vote was as follows:

YES: Commissioners Allen, Allison, Davis, Douglas, Elder, Graham, Hampton, Hayes, Marsh, Miller, and Thompson.

NO: None

ABSTAIN: None

ABSENT: Commissioner Klingenfus and Kraus.

Motion approved on a vote of 11-0

Motion was made by Commissioner Thompson and seconded by Commissioner Marsh to recommend to Oldham County Fiscal Court to remove the verbiage “single building” from the small, medium and large data center gross floor area.

The vote was as follows:

YES: Commissioners Allen, Allison, Davis, Douglas, Elder, Graham, Hampton, Hayes, Marsh, Miller, and Thompson.

NO: None

ABSTAIN: None

ABSENT: Commissioner Klingenfus and Kraus.

Motion approved on a vote of 11-0

Page 2—Zoning Districts and Location Restrictions

Motion was made by Commissioner Marsh and seconded by Commissioner Douglas to recommend to the Oldham County Fiscal Court to remove IPD from large classification.

The vote was as follows:

YES: Commissioners Douglas, and Marsh.

NO: Commissioners Allen, Allison, Davis, Elder, Graham, Hampton, Hayes, Miller, and Thompson.

ABSTAIN: None

ABSENT: Commissioner Klingenfus and Kraus.

Motion denied on a vote of 2-9

Page 3—Building Requirements and Setbacks

Motion was made by Commissioner Allison and seconded by Commissioner Hayes to recommend to the Oldham County Fiscal Court to make 1500 feet setback for all adjoining properties in residential zoning, residential use, and public schools or private schools.

The vote was as follows:

YES: Commissioners Allen, Allison, Elder, and Hayes.

NO: Commissioners Davis, Douglas, Graham, Hampton, Marsh, Miller, and Thompson.

ABSTAIN: None

ABSENT: Commissioner Klingenfus and Kraus.

Motion denied on a vote of 4-7

Motion was made by Commissioner Marsh and was seconded by Commissioner Elder to recommend to the Oldham County Fiscal Court to remove the sentence "This measurement shall be taken from the structure, building, or equipment." on page 3.

Motion carried by unanimous voice vote.

Motion was made by Commissioner Miller and seconded by Commissioner Davis to recommend to the Oldham County Fiscal Court Section 250-340 Data Centers Ordinance with the amendments.

The vote was as follows:

YES: Commissioners Allen, Allison, Davis, Douglas, Elder, Graham, Hampton, Hayes, Marsh, Miller, and Thompson.

NO: None

Christy Edgar, Secretary

DRAFT

2026 KIPDA Regional Hazard Mitigation Plan Update (OCFC Aug. 18th, 2026)

Purpose and Scope

- The KIPDA region is required by the federal government (FEMA) to update this plan on a 5-year cycle to ensure that our communities remain eligible for FEMA-sponsored funding such as the Flood Mitigation Assistance Program (FMA) and the Hazard Mitigation Grant Program (HMGP).
- Last regional plan update was published in 2022 and will expire on Jan. 27th, 2027.
- KIPDA is currently drafting the plan update and is slated to be submitted to the state (KYEM) and FEMA in late September/early October.
- The 2026 KIPDA HMP will cover all KY KIPDA counties of Bullitt, Henry, Oldham, Shelby, Spencer and Trimble. Jefferson Co. publishes their own as KY's largest municipality.
- HMP includes hazard profiles on all major natural disasters affecting the region and includes information such as:
 - Detailed and updated data on historical occurrence/probability of occurrence.
 - Hazard vulnerability analysis of each county/city as it relates to these natural disasters.
 - Critical facility data, updated and cross-referenced with hazard data.
 - Mitigation actions (past, present, and future) which detail various stakeholder projects relating to disaster preparedness.
 - Public survey data from each county/city.
 - Any other information obtained through various stakeholder engagement/meetings with public officials, utility operators, emergency managers, first responders, and more.

For more information or any other inquiries, please contact: **Ryan Lloyd – Regional Planner & GIS Specialist – KIPDA** at ryan.lloyd@kipda.org/(502)-714-5109.

Generator Planned Maintenance Agreement Renewal-Liquid Cooled Units (Semi-Annual)

Thank you for the confidence you have placed in EVAPAR regarding the preventive maintenance of your emergency power equipment. Regular preventive maintenance provides peace of mind and ensures your equipment is ready when you need it, helping you avoid unexpected downtime. Our factory-trained professionals are dedicated to maintaining your systems with the expertise and care that aligns with our mission:

"At EVAPAR, we are committed to delivering reliable energy and industrial solutions with integrity, expertise, and customer-first service. Through innovative technologies, skilled professionals, and unwavering support, we ensure businesses and communities have the power they need—when and where they need it. By prioritizing long-term partnerships and exceptional service, we bring peace of mind to every customer, every time."

Enclosed is your renewal agreement. Once it is signed, a separate invoice will be issued according to the payment terms outlined. Pre-paid customers will continue to enjoy a 10% discount on labor for services not included in this agreement.

We sincerely appreciate your past patronage and look forward to continuing our partnership. If you have any questions, please feel free to contact me.

Respectfully,

Landon Sholar

PLANNED MAINTENANCE

SCOPE OF WORK

Engine

- Below 350kW: Replace air filter(s) every three years.
- 350kW and Larger: Inspect air filter(s), clean, or replace as needed for an additional cost.
- Check the condition/ tension of belts (adjust as needed)
- Check ignition system, distributor coils, and wires (if applicable)
- Check fuel lines for leaks/damage
- Check flexible fuel line connections
- Lubricate governor and linkage
- Inspect hoses, and clamps for any air intake restrictions

Oil System

- Change oil (annually)
- Change oil filter(s) (annually)
- Inspect for leaks

Cooling System

- Check radiator coolant level
- Annual Coolant Sample Analysis with Report
- Test/record anti-freeze temperature
- Test/record anti-freeze nitrites
- Check for leaks
- Check all hoses
- Check the operation of the engine block heater

Battery

- Inspect / clean terminal on cables
- Clean and treat battery post/cable
- Check battery fluid level
- Check/ record battery volts/amps
- Check/record charger volts/amps
- Check/ record alternator volts/amps
- Load test or perform specific gravity test

Starting System

- Check start solenoid terminals
- Check starter connections

Electrical

- Inspect control panel: Check gauges, meters, and indicator lights
- Visually inspect electrical connections
- Inspect the main line circuit breaker
- Check the generator output voltage

Fuel System

- Change fuel filter(s) (annually)
- Check for fuel leaks
- Clean/ inspect the fuel bowl or water separator (if applicable)
- Check injection pump lines
- Check day tank operation and record level
- Check the fuel transfer pump
- Check fuel solenoid
- Check the fuel pressure regulator
- Inspect the fuel tank and rupture basin for leaks

Exhaust System

- Visually inspect for leaks/damage
- Visually inspect flexible exhaust
- Drain condensation trap

Operating Check

- Run and inspect for proper: oil pressure, coolant/ oil temperature, alternator charger rate, generator voltage, and frequency
- Record gauge and meter readings
- Check for leaks and excessive vibration
- Test safety shutdowns
- Check operation of louvers (if applicable)

Automatic Transfer Switch

- Inspect ATS & enclosure for corrosion/moisture
- Inspect controls and calibrate as needed
- Exercise clock-check and verify operation
- Record normal and emergency frequency/voltage at ATS connection
- Perform power failure or building load test (with approval), check/ record amperage/voltage on each leg
- Check transfer switch contacts for voltage drop(normal and emergency)
- Replace exerciser battery as needed.
- Return all switches into proper operating mode

Reports and Instruction

- Submit inspection/ test report to owner, with any recommendations of future work/ parts required
- Instruct owner personnel in operating or upkeep procedure

OPTIONAL SERVICES

- Diesel Fuel Analysis
- Load Bank Testing (NFPA110)
- Remote Monitoring

PLANNED MAINTENANCE AGREEMENT

- This Planned Maintenance Agreement is entered into by EVAPAR and the owner for EVAPAR to perform Planned Maintenance Service(s) on the equipment listed below.
- Semi-Annual: EVAPAR will perform two (2) visits annually. One (1) Inspection and one (1) Full Service, at approximately six (6) month intervals. Work is to be scheduled and performed during regular business hours.
- This scope of work to be performed includes labor, parts, travel time, and mileage.
- Any additional work recommended or required will be brought to the owner's attention, and upon approval, additional work will be performed for an agreed-upon charge.
- Any scheduled maintenance items (such as ATS transfer tests) that are unable to be performed while EVAPAR is on-site for services, due to personnel or logistics changes by the customer on the day of service will result in an additional trip and or labor charges to return to perform those re-scheduled services.
- This agreement does not include expenses to repair damage caused by abuse, accident, theft, acts of a third person, forces of nature, or altering the equipment. EVAPAR shall not be responsible for failure to render the service for causes beyond its control, including pandemics, strikes and labor disputes. This agreement is not assignable without the consent of EVAPAR and can be cancelled by either party through written notice.

Payment Terms Agreement – Liquid Cooled

Please initial **one (1)** payment term. Note: If you select **Billed Terms**, a credit application is required unless you have an existing approved account.

1. **Pre-Paid Terms** - If this option is selected, an invoice will be issued immediately and payment in full is due before any services are scheduled. Issued Purchase Orders do not constitute payment. Upon receipt of payment, the agreed-upon services will be scheduled. Customers selecting Pre-Paid Terms will receive a 10% discount on labor charges for any additional services performed outside of this agreement.

Customer Initials: _____

2. **Billed Terms (Approved Accounts Only)** - If this option is selected, an invoice will be issued upon completion of the first service visit and payment will be due according to your approved account terms. Billed Terms are available only to customers with approved open accounts. If you do not have an existing account, a credit application will be required prior to scheduling services.

Memorandum of Agreement

This Memorandum of Agreement (MOA) is entered into, by and between the Commonwealth of Kentucky, KENTUCKY OFFICE OF HOMELAND SECURITY ("the Commonwealth") and OLDHAM COUNTY FISCAL COURT ("the Contractor") to establish an agreement for the KENTUCKY 911 SERVICES BOARD 2026 REIMBURSEMENT GRANT. This MOA is effective from **August 15, 2026**, through **January 31, 2028**.

Scope of Services:

OLDHAM COUNTY FISCAL COURT MOBILE PHONE SYSTEM #27-225

Pricing:

Grant Award Project \$63,180.00

Grant Terms and Conditions

1. **Americans with Disabilities Act of 1990 (ADA):** *The grantee must comply with all requirements of the Americans with Disabilities Act of 1990 (ADA), as applicable.*
2. **Availability of CMRS Funds:** *This grant award is contingent upon availability of funds in the CMRS Grant Fund as received pursuant to KRS 65.7631.*

3. **Bidding Requirements:** *The grantee shall comply with the Kentucky Model Procurement Code (KRS Chapter 45A). According to Chapter 45A.385, the grantee may use the small purchase procedures (45A.100) for any contract for which determination is made that the aggregate amount of the contract does not exceed twenty thousand dollars (\$20,000). For items and contracts over \$20,000, the grantee must competitively bid the project according to the agency's procurement guidelines or purchase the items from the Kentucky State price contract.*

4. **Bonding:** *It is strongly recommended that all officials identified on this grant who have authority to obligate, expend or approve expenditures be bonded for an amount no less than the total amount of the grant.*

5. **Civil Rights Compliance and Notification of Findings:** *The grantee will comply with the nondiscrimination requirements of Title VI of the Civil Rights Act of 1964, as amended; Section 504 of the Rehabilitation Act of 1964, as amended; Subtitle A, Title II of the Americans with Disabilities Act (ADA) (1990); Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; Department of Homeland Security's Non-Discrimination Regulations, 28 CFR Part 42, Subparts C,D,E, and G; and Department of Homeland Security's regulations on disability discrimination, 28 CFR Part 35 and 39 and KRS Chapter 344. In the event a Federal or State Court, Federal or State administrative agency, or the grantee or Contractor makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, sex, or disability against a recipient of funds, the grantee or Contractor will forward a copy of the findings to the Kentucky 911 Services Board who will, in turn, submit the findings to the Kentucky Office of Homeland Security for referral to the Department of Homeland Security and the Office of Justice Programs' Office of Civil Rights.*

Compliance Agreement: *The grantee agrees to abide by all Terms and Conditions including "Special Conditions" placed upon the grant award by the Kentucky 911 Services Board. Failure to comply could result in a "Stop Payment" being placed on the grant.*

7. **Compliance with Section 504 of the Rehabilitation Act of 1973 (Handicapped):** *All recipients of*

DocuSign Envelope ID: 4E3C6168-6E97-8DD1-812A-1A15549A5B74		Document Description	Page 3
2700000420	Draft	Oldham County Fiscal Court Project 27-225	Total Pages: 17

public funds must comply with Section 504 of the Rehabilitation Act of 1973. Therefore, the funds recipient pursuant to the requirements of the Rehabilitation Act of 1973 hereby gives assurance that no otherwise qualified handicapped person shall, solely by reason of handicap, be excluded from the participation in, be denied the benefits of or be subject to discrimination, including discrimination in employment, in any program or activity that receives or benefits from federal financial assistance. The recipient agrees it will ensure that requirements of the Rehabilitation Act of 1973 shall be included in the agreements with and be binding on all of its grantees, contractors, subcontractors, assignees or successors.

8. Confidential Information: *Any reports, information, data, etc., given to, prepared or assembled by the grantee under this grant (which the Kentucky 911 Services Board requests to be kept confidential) shall not be made available to any individual or organization by the grantee without prior written approval of the Kentucky 911 Services Board.*

9. Conflict Of Interest: *Personnel and other officials connected with this grant shall adhere to the requirements given below:*

Advice: No official or employee of a state or unit of local government or of non-government grantees/grantees shall participate personally through decision, approval, disapproval, recommendation, the rendering of advice, investigation, or otherwise in any proceeding, application, request for a ruling or other determination, contract, grant, cooperative agreement, claim, controversy, or other particular matter in which these funds are used, where to his knowledge he or his immediate family, partners, organization other than a public agency in which he is serving as officer, director, trustee, partner, or employee or any person or organization with whom he is negotiating or has any arrangement concerning prospective employment, has a financial interest.

Appearance: In the use of these grant funds, officials or employees of state or local units of government and non-governmental grantees shall avoid any action which might result in, or create the appearance of the following:

Using his or her official position for private gain; Giving preferential treatment to any person; Losing complete independence or impartiality;
Making an official decision outside official channels; and/or
Adversely affecting the confidence of the public in the integrity of the government or the program.

10. Consultants: *Billings for consultants who are individuals must include at a minimum: a description of services; dates of services; number of hours for services performed; rate charged for services; and, the total cost of services performed. Individual consultant costs must be within the prevailing rates, not to exceed the maximum of \$450.00 per day.*

11. Continuation: *The applicant agrees that if the requested project is funded, continuation is not guaranteed.*

12. Contract Requirements: *The applicant agrees that no contract or agreement may be entered into by the grantee for execution of project activities or provision for services to a grant project (other than the purchase of supplies or standard commercial or maintenance services) which is not incorporated in the approved application. Any such arrangements will provide that the grantee will retain ultimate control and responsibility for the project and that the contractor will be bound by these conditions as well as the grantee.*

Deobligation of Grant Funds: *All grants must be de-obligated within forty-five (45) calendar days of the end of the grant period. Failure to de-obligate the grant in a timely manner will result in an automatic*

DocuSign Envelope ID: 4E3C6168-6E97-8DD1-812A-1A15549A5B74		Document Description	Page 4
2700000420	Draft	Oldham County Fiscal Court Project 27-225	Total Pages: 17

de-obligation of the grant by the Kentucky 911 Services Board.

14. Drug-Free Workplace Certification: *This Certification is required by federal regulations implementing the Federal Drug-Free Workplace Act of 1988. The federal regulations, published in the January 31, 1989, Federal Register, require certification by state agency grantees that they will maintain a drug-free workplace. The certification is a material representation of fact upon which reliance will be placed when the Kentucky 911 Services Board determines to award the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of the grant; or government-wide suspension or debarment.*

15. Financial Responsibility: *The financial responsibility of grantees must be such that the grantee can properly discharge the public trust which accompanies the authority to expend public funds. Adequate accounting systems should meet the following criteria:*

Accounting records should provide information needed to adequately identify the receipt of funds under each grant awarded and the expenditure of funds for each grant;

Entries in accounting records should refer to subsidiary records and/or documentation which support the entry and which can be readily located;

The accounting system should provide accurate and current financial reporting information; and,

The accounting system should be integrated with an adequate system of internal controls to safeguard the funds and assets covered, check the accuracy and reliability of accounting data, promote operational efficiency and encourage adherence to prescribed management policies.

16. Fiscal Regulations: *The applicant assures that it will comply and all its contractors will comply, with the provisions of applicable federal and state laws and regulations.*

17. Fraud: *The applicant understands that whoever embezzles, willfully misapplies, steals or obtains by fraud any funds, assets or property which are the subject of a grant or contract or other form of assistance, whether received directly or indirectly from the Kentucky 911 Services Board, will be fined not more than \$10,000 or imprisoned for not more than five years or both. Whoever knowingly falsifies, conceals or covers up by trick, scheme or device, any material fact in any application for assistance or in any record required to be maintained, will be subject to prosecution under the provisions of Section 1001 of Title 18, United States Code. Any program or project underwritten in whole or in part by any grantee, or contract or other form of assistance, whether received directly or indirectly from the Kentucky 911 Services Board will be subject to the provisions of Section 371 of Title 18, United States Code.*

18. Interest and Other Program Income: *The applicant agrees to be accountable for all interest or other income earned by the grantee with respect to grant funds or as a result of conduct of the project (sale of publications, registration fees, service charges, etc.) All program income generated by this grant during the project must be reported to the Kentucky 911 Services Board quarterly and must be put back into the project or be used to reduce the grantor participation in the program. The use or planned use of all program income must have prior written approval from the Kentucky 911 Services Board.*

19. Interoperable Equipment: *Any awards resulting from this application, involving data or voice communication equipment or projects, including data or voice interoperability equipment or projects, shall be presented for review and must be approved by the Kentucky Wireless Interoperability Executive Committee (KWIEC). The KWIEC shall forward the plans to the Chief Information Officer for the Commonwealth Office of Technology (COT) for final approval.*

20. Legal Action: *The applicant agrees that should the Kentucky 911 Services Board or the Kentucky Office of Homeland Security to which it is attached determine that it needs to take legal action against the applicant for actions arising out of the grant, the applicant will waive jurisdiction and consent to jurisdiction*

DocuSign Envelope ID: 4E3C6168-6E97-8DD1-812A-1A15549A5B74		Document Description	Page 5
2700000420	Draft	Oldham County Fiscal Court Project 27-225	Total Pages: 17

of the Franklin County Circuit Court.

21. Non-Supplanting Agreement: *The grantee shall not use grantor funds to supplant state or local funds or other resources that would otherwise have been made available for this program. Further, if a position created by a grant is filled from within, the vacancy created by this action must be filled within 30 days. If the vacancy is not filled within 30 days, the grantee must stop charging the grant for the new position. Upon filling the vacancy, the grantee may resume charging for the grant position.*

22. Obligation of Grant Funds: *Grant funds may not be obligated prior to the effective date of the approved grant application and without advance written approval by the Kentucky 911 Services Board. No obligations are allowed after the end of the grant period and the final request for payment must be submitted no later than 45 calendar days after the end of the grant period.*

23. Performance: *This grant may be terminated or fund payments discontinued by the Kentucky 911 Services Board where it finds a substantial failure to comply with the provisions of the legislation governing these funds or regulations promulgated, including those grant conditions or other obligations established by the Kentucky 911 Services Board. In the event the grantee fails to perform the services described herein and has previously received financial assistance from the Kentucky 911 Services Board, the grantee shall reimburse the Board the full amount of the payments made. However, if the services described herein are partially performed, and the grantee has previously received financial assistance, the grantee shall proportionally reimburse the Kentucky 911 Services Board for payments made.*

24. Personnel Costs: *Personnel costs must be consistent with the agency's policies and procedures and must be applied uniformly to both grant financed and other activities of the agency.*

25. Political Activity: *None of the funds, materials, property or services provided directly or indirectly under this contract shall be used for any partisan political activity, or to further the election or defeat of any candidate for public office, or otherwise in violation of the provisions of the "Hatch Act", and/or the provisions of KRS 11A and KRS 45A.*

26. Project Implementation: *The grantee agrees to implement this project within 60 days following the grant award effective date or be subject to automatic cancellation of the grant.*

27. Property Control: *Effective control and accountability must be maintained for all personal property. Grantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes. Grantees should exercise caution in the use, maintenance, protection and preservation of such property.*

Use and Disposition: *Equipment shall be used by the grantee in the program or project for which it was acquired as long as needed, whether or not the program or project continues to be supported by state funds. When use of the property for project activities is discontinued, the grantee shall request, in writing, disposition instructions from the Kentucky 911 Services Board prior to actual disposition of the property. Theft, destruction, or loss of property shall be reported to the Kentucky 911 Services Board immediately.*

28. Procurement: *Procurement of goods and services must comply with all local procurement guidelines, which reflect applicable provisions of KRS 45A or Chapter 424. It is suggested that grantees recipients contact counsel for advice.*

29. Publications: *The grantee agrees that all publications created with funding under this grant agreement shall prominently contain the following statement: "This document was prepared under a grant from the Kentucky 911 Services Board. Points of view or opinions expressed in this document are those of the authors and do not necessarily represent the official position or policies of the Kentucky 911 Services Board or the Kentucky Office of Homeland Security." Additionally, any publication created with*

DocuSign Envelope ID: 4E3C6168-6E97-8DD1-812A-1A15549A5B74		Document Description	Page 6
2700000420	Draft	Oldham County Fiscal Court Project 27-225	Total Pages: 17

funding under this agreement shall bear on it the logos of the Kentucky 911 Services Board.

The grantee also agrees that one copy of any such publication will be submitted to the Kentucky 911 Services Board to be placed on file and distributed as appropriate to other potential grantees or interested parties. The Kentucky 911 Services Board may waive the requirement for submission of any specific publication upon submission of a request providing justification from the grantee.

30. Recording and Documentation of Receipts and Expenditures: *Grantee's accounting procedures must provide for accurate and timely recording of receipt of funds by source of expenditures made from such funds and unexpended balances. These records must contain information pertaining to grant awards, obligations, unobligated balances, assets, liabilities, expenditures and program income. Controls must be established which are adequate to ensure that expenditures charged to the grant activities are for allowable purposes. Additionally, effective control and accountability must be maintained for all grant cash, real and personal property and other assets. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract documents, grant award documents, etc.*

31. Reimbursements: *The applicant understands that all grant funds awarded from the Kentucky 911 Services Board are done so on a reimbursement basis. The grantee must pay accumulated vendor invoices once services are rendered and submit the invoice along with a copy of the cancelled check made out to the vendor to the 911 Services Board for reimbursement. The 911 Services Board agrees to handle requests for grant reimbursements in a timely and efficient manner. Grantees unable to handle the grant on a reimbursement basis due to financial hardship must contact the 911 Services Board as soon as the grant is awarded to make other arrangements.*

32. Reports: *The grantee shall submit, at such times and in such form as may be prescribed, such reports as the Kentucky 911 Services Board may reasonably require, including financial reports, progress reports, final financial reports and evaluation reports.*

33. Retention of Records: *Records for non-expendable property purchased totally or partially with grantor funds must be retained for three years after its final disposition. All other pertinent grant records including financial records, supporting documents and statistical records shall be retained for a minimum of three years after the final expenditure report. However, if any litigation, claim or audit is started before the expiration of the three year period, then records must be retained for three years after the litigation, claim or audit is resolved.*

34. Suspension or Termination of Funding: *The Kentucky 911 Services Board may suspend, in whole or in part, and/or terminate funding for or impose another sanction on a grantee for any of the following reasons:*

Failure to comply substantially with requirements or statutory objectives set forth herein; Failure to adhere to the requirements, standard conditions or special conditions;

Proposing or implementing substantial program changes to the extent that, if originally submitted, the application would not have been approved for funding;

Failure to submit reports;

Filing a false certification in this application or other report or document; Other good cause shown.

If funds are not appropriated to the 911 Services Board or are not otherwise available for the purpose of making payments with incurring any obligation for payment after the date of termination, regardless of the terms of the contract.

The 911 Services Board shall provide the grantee thirty (30) calendar days written notice of termination of the contract.

DocuSign Envelope ID: 4E3C6168-6E97-8DD1-812A-1A15549A5B74			
	Document Page	Document Description	Page 7
2700000420	Draft	Oldham County Fiscal Court Project 27-225	Total Pages: 17

35. Travel Costs: *The grantee shall be paid no travel expense unless and except as specifically authorized under the specifications of the grant agreement. Unless otherwise indicated, travel reimbursement shall be in accordance with 200 KAR 2:006. Neither travel time nor travel expenses will be included personnel hourly rates.*

36. Utilization and Payment of Grant Funds: *Funds awarded are to be expended only for purposes and activities covered by the grantees approved project plan and budget. Items must be in the grantee's approved grant budget in order to be eligible for reimbursement.*

37. Utilization of Minority Businesses: *Grantees are encouraged to utilize qualified minority firms where cost and performance of major contract work will not conflict with funding or time schedules.*

38. Written Approval of Changes: *Any mutually agreed upon changes to this grant must be approved, in writing, by the Kentucky 911 Services Board prior to implementation or obligation and shall be incorporated in written amendments to this grant. This procedure for changes to the approved grant is not limited to budgetary changes, but also includes changes of substance in project activities and changes in the project director or key professional personnel identified in the approved application*

202 KAR 6:090. Permitted uses by PSAPs for CMRS funds.

RELATES TO: KRS 65.7621, 65.7627, 65.7629(3)-(9), (13), 65.7631, 65.7635, 65.7639, 65.7643, 9 U.S.C. 1-16, 47 U.S.C. 153(27), 332(d), FCC Order Docket #94-102, 1996 STATUTORY AUTHORITY: KRS 65.7633(2)(c)

NECESSITY, FUNCTION, AND CONFORMITY: KRS 65.7633(2)(c) requires the CMRS Board to promulgate administrative regulations to establish guidelines to be followed by the board in reviewing, evaluating, and approving or disapproving disbursements from the CMRS fund and requests for disbursements under KRS 65.7631(2) and (3). KRS 65.7631(2) restricts the use of funds disbursed solely for the purposes of answering, routing, and properly disposing of CMRS 911 calls, training PSAP staff, public education, and complying with the wireless E911 service requirements established by the FCC. This administrative regulation establishes guidelines to be followed by the board in its review and evaluation of disbursement requests by local 911 centers.

Section 1. Definitions. (1) "AVL" means automatic vehicle location systems used to track emergency responder vehicle.

(2) "CAD" means computer aided dispatch systems used by 911 personnel to allocate and track emergency responder resources during a 911 call.

(3) "EMS" means emergency medical system which includes paramedics, emergency medical technicians and other personnel and equipment used to respond to medical emergencies.

(4) "GIS" means Geographic Information Systems used to create, maintain, and manage graphic location data for use by emergency communications centers.

(5) "LINK/NCIC" means the Law Enforcement Information Network of Kentucky and the National Crime Information Center, two (2) systems commonly used by law enforcement and emergency communications personnel for short messaging between agencies and to request vehicle, driver, and criminal history checks.

(6) "MSAG" means Master Street Address Guide, the database used by 911 centers to determine an emergency call's initial location.

Section 2. Allocation of CMRS Funds. (1) Wireless only costs. CMRS funds may be expended for costs which are solely for the provision of enhanced 911 service involving calls from wireless consumers.

(2) Wireline and wireless-shared costs. Costs for personnel, equipment, or facilities which are necessarily shared by calls to 911 from wireline and wireless users shall be prorated based on the percentage of call traffic attributed to calls from wireless users. CMRS funds may be used only for the

DocuSign Envelope ID: 4E3C6168-6E97-8DD1-812A-1A15549A5B74		Document Description	Page 8
2700000420	Draft	Oldham County Fiscal Court Project 27-225	Total Pages: 17

wireless prorated portion.

(3) Multifunction personnel, equipment, or facility shared costs. Expenses for personnel, equipment, or facilities which serve multiple functions or purposes shall be prorated. Only those costs for the prorated wireless portion directly involved in the delivery of 911 service shall be allowed.

Section 3. Allowed 911 Center Operational Expenditures. (1) Personnel costs. Costs for the following employees, to the extent their duties are directly attributable to delivery of 911 service, shall be allowed:

(a) Positions allowed.

1. Director;
2. Supervisor;
3. Dispatcher;
4. Call-taker;
5. Technical staff;
6. Support staff; and
7. Other staff involved in the provision of 911 service.

(b) Costs allowed.

1. Salaries;
2. Fringe benefits;
3. MSAG coordination;
4. Uniforms; and
5. Addressing/database development and management.

(2) Facility costs. Facility costs for the following expenses, to the extent it is directly attributable to delivery of 911 service, shall be allowed:

- (a) Capital improvements for construction, remodeling, or expansion;
- (b) Lease or rental payments;
- (c) Utilities;
- (d) Heating and air conditioning;
- (e) Fire suppression systems;
- (f) Security systems;
- (g) Cleaning and maintenance;
- (h) Emergency power and uninterruptible power equipment;
- (i) Insurance;
- (j) Office supplies;
- (k) Printing and copying services; and
- (l) Furniture.

(3) Training and memberships. Training and memberships in professional associations shall be allowed to the extent they are directly attributable to the enhancement of knowledge, skills and abilities of 911 personnel in the provision of 911 service, including:

- (a) Vendor provided training;
- (b) Conferences;
- (c) Necessary travel and lodging;
- (d) On-the-job training; and
- (e) Memberships in 911 related associations, such as the Association of Public Communications Officials, or the National Emergency Number Association.

(4) Hardware, software, and peripheral equipment. Costs for the following equipment shall be allowed to the extent their function is directly attributable to the provision of 911 service, whether on the premises or remotely located:

- (a) 911 controllers, telephone equipment, or software;
- (b) 911 trunks or administrative lines for the 911 center;
- (c) Remote 911 hardware or modems;
- (d) Automatic call distribution (ACD) systems or other call management facilities and software;
- (e) Call-time stamping or other clock functions;

DocuSign Envelope ID: 4E3C6168-6E97-8DD1-812A-1A15549A5B74		Document Description	Page 9
2700000420	Draft	Oldham County Fiscal Court Project 27-225	Total Pages: 17

- (f) Computer workstations;
 - (g) Telephone device for the deaf equipment;
 - (h) Voice and data recording systems;
 - (i) Radio systems, including consoles and infrastructure;
 - (j) CAD, GIS/mapping, paging, mobile data, LINK/NCIC, or AVL systems;
 - (k) Associated databases;
 - (l) Network connectivity;
 - (m) Software licenses; and
 - (n) Maintenance or service agreements for equipment or software listed in paragraphs (a) through (m) of this subsection.
- (5) Vehicle costs. Vehicle costs for the following, either as reimbursement to an employee for the use of a private vehicle or direct costs for a vehicle assigned to the agency, shall be allowed to the extent their use is directly attributable to the provision of 911 service:
- (a) MSAG development and maintenance;
 - (b) GIS verification and testing; and
 - (c) Public education.
- (6) Professional services. Costs for the following professional services shall be allowed to the extent they are directly attributable to the provision of 911 related service:
- (a) Legal;
 - (b) Architectural;
 - (c) Auditing; and
 - (d) Consultation.
- (7) Public education. Costs for public education regarding the proper use of 911 shall be allowed.
- Section 4. Not Allowed 911 Center Operational Expenses. (1) Personnel costs. Personnel costs for the following personnel shall not be allowed, except when directly functioning as 911 center staff:
- (a) Law enforcement;
 - (b) EMS personnel;
 - (c) Fire personnel;
 - (d) Emergency management staff; and
 - (e) Shared support or technical staff.
- (2) Facility costs. Facility costs for the following purposes and facilities shall not be allowed, except for that portion used for 911 operations.
- (a) Capital and furnishing costs for facilities whose primary purpose is other than 911 operations;
 - (b) Facilities primarily intended for use by police, fire, EMS, or other emergency management personnel; and
 - (c) Facilities providing general offices for county or municipal government operations.
- (3) Training and memberships.
- (a) Costs for training for staff not directly involved in the delivery of 911 services or courses whose content is not intended to increase of the knowledge, skills, and abilities of 911 personnel in regard to delivery of 911 service shall not be allowed.
 - (b) Costs for memberships in organizations or associations whose primary purpose is other than public safety communications or 911 issues shall not be allowed.
- (4) Hardware, software, and peripheral equipment. The following hardware, software, or peripheral equipment costs, unless directly attributable to the delivery of 911 service shall not be allowed:
- (a) Law enforcement, fire, EMS, or jail record management systems;
 - (b) Word processing, databases, and other general computer applications;
 - (c) GIS applications providing data layers not needed for the location of emergency calls or other general mapping and location services for government operations;
 - (d) Court information systems;
 - (e) Field equipment used outside of the 911 center by emergency responders or other government personnel for radio, paging, mobile data, LINK/NCIC, CAD, or AVL systems;
 - (f) Connectivity for an application listed in paragraphs (a) to (e) of this subsection;

DocuSign Envelope ID: 4E3C6168-6E97-8DD1-812A-1A15549A5B74			
	Document Title	Document Description	Page 10

- (g) A maintenance or service agreement for an application listed in paragraphs (a) to (e) of this subsection; and
(h) Software license for an application listed in paragraphs (a) to (e) of this subsection.

(5) Vehicle costs. The cost of an emergency response or other government vehicle not directly attributable to the delivery of 911 service shall not be allowed.

(6) Professional services. Costs for professional services not directly attributable to the delivery of 911 service shall not be allowed.

(7) Public education. Costs for public education not directly attributable to the delivery of 911 service shall not be allowed. (29 Ky.R. 1160; Am. 1524; eff. 12-18-02; TAm eff. 8-31-2007.)

Memorandum of Agreement Standard Terms and Conditions

Revised July 2026

1.00 Effective Date

All Memorandum of Agreements are not effective until the Secretary of the Finance and Administration Cabinet or his authorized designee has approved the agreement and until the agreement has been submitted to the government contract review committee. However, in accordance with KRS 45A.700, memoranda of agreement in aggregate amounts of \$50,000 or less are exempt from review by the committee and need only be filed with the committee within 30 days of their effective date for informational purposes.

KRS 45A.695(7) provides that payments on personal service contracts and memoranda of agreement shall not be authorized for services rendered after government contract review committee disapproval, unless the decision of the committee is overridden by the Secretary of the Finance and Administration Cabinet or agency head if the agency has been granted delegation authority by the Secretary.

The Commonwealth will make payment within thirty (30) working days of receipt of contractor and/or subrecipient's invoice or of acceptance of goods and/or services in accordance with KRS 45.453 and KRS 45.454.

Payments are predicated upon successful completion and acceptance of the described work, services, supplies, or commodities, and delivery of the required documentation. Invoices for payment shall be submitted to the agency contact person or its representative.

2.00 Cancellation Clause

Both parties shall have the right to terminate and cancel this contract at any time not to exceed thirty (30) days' written notice served on the Contractor and/or subrecipient by registered or certified mail.

3.00 Funding Out Provision

The state agency may terminate this agreement if funds are not appropriated to the contracting agency or are not otherwise available for the purpose of making payments without incurring any obligation for payment after the date of termination, regardless of the terms of the agreement. The state agency shall provide the Contractor and/or subrecipient thirty (30) calendar day's written notice of termination of the agreement due to lack of available funding.

4.00 Reduction in Contract Worker Hours

The Kentucky General Assembly may allow for a reduction in contract worker hours in conjunction with a budget balancing measure for some professional and non-professional service contracts.

If under such authority the agency is required by Executive Order or otherwise to reduce contract hours, the agreement will be reduced by the amount specified in that document. If the contract funding is reduced, then the scope of work related to the contract may also be reduced

DocuSign Envelope ID: 4E3C6168-6E97-8DD1-812A-1A15549A5B74		Document Description	Page 13
2700000420	Draft	Oldham County Fiscal Court Project 27-225	Total Pages: 17

commensurate with the reduction in funding. This reduction of the scope shall be agreeable to both parties and shall not be considered a breach of contract.

5.00 Access to Records

The state agency certifies that it is in compliance with the provisions of KRS 45A.150, "Access to contractor and/or subrecipient's books, documents, papers, records, or other evidence directly pertinent to the contract." The Contractor and/or subrecipient, as defined in KRS 45A.030, agrees that the contracting agency, the Finance and Administration Cabinet, the Auditor of Public Accounts, and the Legislative Research Commission, or their duly authorized representatives, shall have access to any books, documents, papers, records, or other evidence, which are directly pertinent to this agreement for the purpose of financial audit or program review. The Contractor and/or subrecipient also recognizes that any books, documents, papers, records, or other evidence, received during a financial audit or program review shall be subject to the Kentucky Open Records Act, KRS 61.870 to 61.884. Records and other prequalification information confidentially disclosed as part of the bid process shall not be deemed as directly pertinent to the agreement and shall be exempt from disclosure as provided in KRS 61.878(1)(c).

6.00 Violation of tax and employment laws

KRS 45A.485 requires the Contractor and/or subrecipient and all subcontractors performing work under the contract to reveal to the Commonwealth any final determination of a violation by the Contractor and/or subrecipient within the previous five (5) year period of the provisions of KRS chapters 136, 139, 141, 337, 338, 341, and 342. These statutes relate to corporate and utility tax, sales and use tax, income tax, wages and hours laws, occupational safety and health laws, unemployment insurance laws, and workers compensation insurance laws, respectively. Disclosure of any violations is required prior to the award of any state contract and throughout the duration of the contract.

Failure to disclose violations shall be grounds for the Commonwealth's disqualification of a contractor and/or subrecipient or subcontractor from eligibility for future state contracts for a period of two (2) years.

To comply with KRS 45A.485, the Contractor and/or subrecipient and all subcontractors performing work under this contract shall report any such final determination(s) of any violation(s) within the previous five (5) years to the Commonwealth by providing a list of the following information regarding any violation(s): (1) specific KRS violated, (2) date of any final determination of a violation, and (3) state agency which issued the final determination.

A list of any disclosures made prior to award of a contract shall be attached to the contract. The Contractor and/or subrecipient affirms that it has not violated any of the provisions of the above statutes within the previous five (5) year period, aside from violations explicitly disclosed and attached to this contract. Contractor and/or subrecipient further affirms that it will (1) communicate the above KRS 45A.485 disclosure requirements to any subcontractors and (2) disclose any subcontractor violations it becomes aware of to the Commonwealth.

7.00 Nondiscrimination

The Equal Employment Opportunity Act of 1978 (the “Act”), KRS 45.560 to 45.640, applies to all State government contracts or subcontracts in an amount exceeding \$500,000. The contractor and/or subrecipient shall comply with all terms and conditions of the Act.

During the performance of this contract, the Contractor and/or subrecipient agrees as follows:

- (a) The Contractor and/or subrecipient shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, age forty (40) and over, disability, veteran status, or national origin or.
- (b) The Contractor and/or subrecipient shall take affirmative action in regard to employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination rates of pay or other forms of compensation, and selection for training, so as to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, age forty (40) and over, disability, veteran status, and national origin.
- (c) The Contractor and/or subrecipient shall state in all solicitations or advertisements for employees placed by or on behalf of the Contractor and/or subrecipient that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age forty (40) and over, disability, veteran status, or national origin.
- (d) The Contractor and/or subrecipient shall post notices in conspicuous places, available to employees and applicants for employment, setting forth the provisions of this non-discrimination clause.

The Contractor and/or subrecipient shall send a notice to each labor union or representative of workers with which he/she has a collective bargaining agreement or other contract or understanding advising the said labor union or workers' representative of the Contractor and/or subrecipient's commitments under this nondiscrimination clause.

The Contractor and/or subrecipient's noncompliance with the nondiscrimination clauses of this contract shall constitute a material breach of the contract.

Each Contractor and/or subrecipient shall, for the length of the contract or at the point at which the contract is covered by this Act and until its conclusion, furnish such information as required by the Act and any rules, regulations and orders issued pursuant thereto and permit access to all books and records pertaining to his employment practices and work sites by the contracting agency and the Cabinet to ascertain compliance with the Act.

This section applies to agreements disbursing federal funds, in whole or part, only when the terms for receiving those funds mandate its inclusion.

8.0 Artificial Intelligence (AI)

Vendor agrees to adhere to [CIO-126 Artificial Intelligence Policy.pdf](#), which includes but is not limited to, the required written disclosure, in advance, of every use of generative AI and/or integrations with generative AI system. Vendor agrees to disclose all parts of contracted work that is expected to be or will be performed with the assistance of AI. Further, Vendor understands and agrees to take appropriate measures to ensure Generative AI shall not be used for any activities that are illegal or in violation of state policy, COT policy, or agency policy per CIO-126. Vendors may not use Commonwealth confidential or internal data in generative AI queries or for building or training proprietary generative AI programs unless explicitly approved in writing by the agency head with consultation from the COT Chief Information Officer. Vendor agrees to provide reasonable written notice of any issue of noncompliance with these requirements.

9.0 Payment

The Commonwealth will make payment within thirty (30) working days of receipt of Contractor's invoice and of acceptance of goods and/or services except when the agency has transmitted a rejection notice to the vendor in accordance with KRS 45.453 and KRS 45.454. For the purpose of this provision, a working day is any weekday except for Commonwealth employee holidays up to the agency close of business. The Commonwealth may make a partial payment of goods or services that it has received according to the terms of the contract.

Payments are predicated upon agreed upon payment milestones set forth in the agreement and/or successful completion and acceptance of the described work, services, supplies, or commodities, and delivery of the required documentation. Invoices for payment shall be submitted to the agency contact person or agency representative and, except Personal Service Contract invoices, shall include the following information, as applicable:

- (1) Contract and/or delivery order number;
- (2) Name of Contractor Entity or Individual;
- (3) Contractor designated point of contact;
- (4) Unique Invoice Number;
- (5) Invoice Date;
- (6) Item numbers;
- (7) Descriptions of goods or services provided;
- (8) Sizes of goods provided;
- (9) Quantities provided;
- (10) Unit prices; and
- (11) Extended totals (unit price x quantity) for invoiced line items.

For Personal Service Contracts, invoices must be submitted on the Personal Service Contract Invoice form established by the Government Contract Review Committee, available at:

DocuSign Envelope ID: 4E3C6168-6E97-8DD1-812A-1A15549A5B74		Document Description	Page 16

<https://apps.legislature.ky.gov/moreinfo/contracts/PSC%20INVOICE%20FORM.pdf>

The Commonwealth will make a good faith effort to notify the Contractor within fifteen (15) working days of the Contractor's failure to submit a proper invoice or a dispute of the goods or services provided. The Contractor shall address the Commonwealth's concerns within ten (10) calendar days and resubmit a corrected invoice with a new invoice number for payment. If the Contractor has not rectified the problem with the invoice or the good or service within the ten (10) calendar day correction period, any revised submitted invoice shall be considered a new invoice with a new date of submission for calculation of any late payment penalty.

If the Commonwealth has not notified the Contractor of any issue with the invoice or the goods and/or services and the Contractor has not received payment by the twenty-fifth (25th) business day after the Contractor submitted the invoice, the Contractor should notify its Commonwealth contract representative that its invoice is still pending payment.

Except as otherwise explicitly provided in the contract, payments shall be issued to the Contractor within thirty (30) working days of receipt of Contractor's invoice and of acceptance of goods and/or services. In the event of an invoice payment dispute between the Contractor and purchasing agency, the Contractor shall first attempt resolution of the dispute via submission to the purchasing agency in accordance with the payment dispute process posted on the Finance and Administration Cabinet website, located at:

<https://finance.ky.gov/office-of-the-secretary/office-of-general-counsel/Pages/procurement-and-protest-resources.aspx>

If submission to the purchasing agency fails to resolve the payment dispute, the Contractor may submit a contract dispute regarding payment to the Finance Secretary for resolution. In accordance with KRS 45.454, and except as provided by KRS 371.405, there shall be payable to the Contractor a penalty of one-percent (1%) on any undisputed amount each month or fraction thereof owing to the Contractor after 30 working days following the receipt of the goods or services and receipt of the invoice unless otherwise agreed between the Commonwealth and the Contractor. After a resolution is determined, the purchasing agency shall begin to assess penalties due the Contractor and remit the penalty payment to the Contractor within five (5) working days.

AGREEMENT

This AGREEMENT is entered into as of July 1st, 2026, by and between the Oldham County Fiscal Court, hereinafter referred to as "Oldham County", and the Louisville/Jefferson County Metro Government, acting by and through its Department of Public Works and Assets, hereinafter referred to as the "Contractor".

PART I SPECIFIC PROVISIONS

Whereas Oldham County desires to engage the Contractor to provide maintenance for the Community Warning Sirens located within Oldham County and whereas, the Contractor has expressed a willingness to render those services; in consideration of the mutual covenants, promises and representations herein, the parties hereto agree as follows:

SECTION 1 THE AGREEMENT

This Agreement shall consist of this Part I entitled Specific Provisions and Part II entitled Scope of Work.

SECTION 2 SERVICES

The Contractor agrees to perform the services as described in the Scope of Work, which is Part II of this agreement, and in accordance with the terms and conditions of this Agreement.

SECTION 3 COMPENSATION

1. Payments for Community Warning Siren work shall be based on overtime rates that apply to Metro Government union contracts and Metro Policies.
2. Crew size will be a minimum of three people to include a supervisor and two union Electricians.
3. Metro Louisville Public Works will invoice monthly for all work performed based on the following rates.
4. Oldham County agrees to pay all undisputed invoices within 30 days of receipt.
5. All rates below require a 4-hour minimum due to Union contract requirements:

- i. Saturday and weekday after hours are billed at time and a half. This overtime rate for a 3-person crew equals \$306.26 per hour.
 - ii. Sundays and Holidays are billed at a double time rate. This overtime rate for a 3-person crew equals \$408.34 per hour.
 - iii. All equipment rates will be charged at the current FEMA rates which covers equipment hourly rate, fuel, and maintenance cost.
 - iv. All materials purchased shall be charged at direct cost to include shipping and delivery.
6. The fees listed may increase during the terms of this Agreement due to annual cost of living and union contractual increases. When this occurs Metro Public Works will make written notification to Oldham County of these increases. Oldham County Fiscal Court agrees to pay the increase charges as they occur.

SECTION 4 PERIOD OF PERFORMANCE

This Agreement shall commence July 1st, 2026, and terminate June 30, 2029. All the services and work required in the Scope of Work shall be completed and presented to Oldham County on or before the termination date unless approved in writing by Oldham County.

SECTION 5 PROJECT FUNDING

- A. It is expressly understood and agreed that the final claim shall be submitted to Oldham County no later than twenty-five (25) days after the termination date of this Agreement.

SECTION 6 REQUEST FOR PAYMENT

The Contractor agrees to adhere to all payment procedures of Oldham County during the term of this Agreement. Payment for any cost pursuant to this section shall not constitute a final determination by Oldham County of the allowability of such cost and shall not constitute a waiver of any violation of the terms of this Agreement committed by the Contractor. The Contractor shall reimburse Oldham County for all funds spent on said ineligible work. In order for the Contractor to be reimbursed for any costs which are not listed in the Project Budget the Contractor must obtain written approval from Oldham County prior to incurring these costs.

SECTION 7 INSURANCE

The Contractor shall comply with all applicable insurance, surety bonds, and qualifications of State and Local law.

SECTION 8 LEGAL AUTHORITY

Contractor hereby assures and certifies with respect to this Agreement that it possesses the legal authority to execute and administer this Agreement.

IN WITNESS WHEREOF, Oldham County and the Contractor have by their duly authorized officials entered into this agreement.

PART II SCOPE OF WORK

The Contractor shall provide supervision, labor, equipment, and materials to perform specifically requested Electrical Maintenance work on Community Warning Sirens located within Oldham County. The scope of work includes, but is not limited to, the items listed below.

1. This work may include installation of new sirens and maintenance of existing sirens.
2. This program will include performing projected maintenance testing or cycling of the Community Warning Sirens.
3. All service calls shall be requested in writing by Oldham County and submitted to Metro Public Works who will then enter a service request and work order to schedule the work.
4. Due to Metro Public Works Electrical Maintenance Division's demanding internal workloads and obligation to its taxpaying citizens all internal Metro Louisville work will take priority over external requested work.
5. All requested external work per this MOA will be scheduled after normal Metro business hours and will be performed on an overtime basis only.
